"The World Moves." Maintained Galileo, when his tormentors racked him for advocating the true system of Copernicus. Certain follies hold out, however, against the illumination of discovery and exegainst the illumination of discovery and experience. There are hosts of people who, because they have adopted certain principles, continue to swallow them to their dying day in defiance of the laws of common sense. Mercury, dristic purgatives, super-potent narcotics and sedatives, though they have given ground before the irresistible progress of Hostetter's Stomach Bitters, a national, painless remedy for disorders of the liver, the stomach and the bowels, still continue to make ambulating apothecaries shops of many stomachs. The symptoms of liver trouble are easily remediable without any abdominal disturbance with this beneficent alterative. So also are constipation, sick headache, heart-burn, and as inability to digest satisfactorily. It cures fever and ague; rheumatism and kidney trouble.
