FLOUR IS STILL ADVANCING!

THE "PEARL" FLOUR

Is decidedly one of the finest and very best made by Roller Process. It is equal, and in some respects superior, to any so-called Patent Flour—Western or Eastern. This is the testimony of all who have tried it—in sbort, it has no superior anywhere. We get it direct from the manufacturer by the ton and thus save the purchaser the agents' profits. Through agents hands this flour would sell at least at 80c. We soil it at present at only 73c a quarter.

THE 'ARBUTUS"

Is another good but lower grade Flour. It gives very good satisfaction and at the present price is the cheapest Flour now in the market. It is fall Roller Process and only 55c a

**HELVETIA I** 

Double Faced Canton Flaunci, all shades, lige to 2 ca yard. Frinted and Flata Ecra Curtain Serius all red ced in price. "And what is this Heivetia Umbrelia you offer with gold and silver caps at \$1.50 ?" we are asked. We'll tell you Helvetia is a finely finished umbrelia cloth, gotten up in imitation of Gloria Coth. It looks so much like the latter that it requires an expert to tell the difference. Gloria is made of silk and linen, while Helvetia is silk and cotton, it wears first-rate and will give satisfaction. There are 10 Helvetia sold to one Gloria, yet uncompulous dealers persist in calling Helvetia Gloria. The manufacturers frequently bill the Helvetia as Gloria and in this way the retailer can quiet his conscience. When you are offered what is called a Gloria Umbrelia with gold cap at \$1.75 or anything like this price, don't believe it is remuine Gloria, it integloria can't be sold for that Gloriosa can. It is an Helvetia. an Helvetla.
