COLUMBIA, Oct. 20.-The Democratic headquarters were packed to overflowing last night, although the weather was very unfavorable, when George Reimensnyder of Lancaster, and D. F. Magee, of White Rock, made addresses. The address of the former was received with loud applause and was an excellent presentation of the issues of the campaign. Mr. Mages won the attention of the persons present by his plain menner of talking and his concise intements of the benefits to be gained by the people from the success of the Democratic candidates. All his remarks were besed on facts grathered from the burer u of statistics and could not be refuted. Tie meeting broke up at 10 o'clock with three hearty cheers for Cleveland, Thurman and the speakers of the evening.

One Here at Least, if Not a Few From the Philade phia Tixes. At times in the heat of public or private strife, there are a few who imagine that they should control or restrain the convic tions of the newspapers they patronize, but they speedily learn that newspapers which are in any degree worth patronizing, value their convictions much more than the patronage of any one of the infinite political, religious or social theories of business

Sent to Jail. William Proctor, a colored boy whose parents live on North street, was found asleep on a step at the corner of Chestnut and Shippen streets last night. He was taken to the station bouse. This boy has a habit of running away from home and the mayor to cure him sent him to juit to day for ten days for vagrancy.

The Pole Fell. The Republicans of Paradise township bad a meeting at Williamstown last even ing. A pole was to have been ruled, but after it was up something became wrong with the ropes and it fell with great force, creahing through the roof of a small build. irg near by. There was no further attempt put the pole up, and it is still lying on the ground.

## Felt Down Stales.

Mrs. Sarah Quinn, living on East Mill n street, met with a serious secident on Thursday. She was about descending the stairs from the second floor, when she made misstep and fell to the lower il sor. When found she was unconscious. She is hadly bruised and will be confined to the house Au .everal days.

BRAGGING AT LITTLE BRITAIN Prators Who Can Talk Boldly When Un

opposed-Mr. Mugee's Challenge, The Republicans of Little Britain township had a pole raising with a torebligh procession and speaking on Tuesday evening. The pole was a fine one, 123 feet above ground, and was raised without hitel or hindrance. There were four companies of men in line and they presented a good appearance as they marched about the village, but few of them stayed to hear the speaking. In this they showed good sense, as it consisted mainly of ribaid and often biasphemous jokes and tales, totally devoid of facts or truth, and Dr. Gatchell was guyed continually throughout his harangue for his failure to meet his antegonist at Quarryville.

Young Will Brown, of Lancaster, set forth with much solemnity to say that he would back up his sesertions by facts and figures which he defied Mr. Mages, of White Rock, to contradict ; but he got lost in the higher flights of his eloquence in de louncing and bullyragging Cleveland and Democracy, and never once mentioned either a fact or a figure.

Many messages were sent to White Rock by the speakers, and the manner in which bey have been completely routed on the tariff question seemed particularly to stick n their craws. This whole farce of sending tsunts and messages to White Rock and to Fairfield recalls a little incident which once happened to the writer in Wilmington. had arrived there on the train after midnight, and in going up the street I heard a terrible polee as of fighting, couple of squares away, and presently two men came running at high speed towards me, and when they were just opposite me, and at a safe distance from the enemy they stopped, and I think of all the blackguarding, awearing, vile language and threats of what would be done if the man down the street should dare come up there one of these men put through him I never heard equalled. The other stood by and told him to " give him b-1. " Presently stealthy footsteps were heard rapidly approaching from down street. As soon as these were heard the other in a hoarse whisper said " he's com-

nent approaches they, like Bill, "chees it" most ignominiously.
Probably the craters at Oak Hill did no know that the Democratic club of Little Britain had in due form challenged th Republican club of Little Britain to pre duce a champion to debate tariff with the man at White Rock, on the very platforn they were speaking from, but the Republ cans respectfully declined; if they had the would have understood why their id challenges were received in derision b

their audience. Now if Mr. Brown wants his figures an facts met, let him get the consent of his county chairman, for he dare not comwithout it, and name a place and a day where he will in joint debate produce hi arguments, and the White Rock man wil meet him any time before election and will cancel all other engagements to do so. M

A novel election bet was made in this city on Friday evening. If Harrison is elected John Kennedy, Democrat, is to haul George Callahan, Republican, from the Cooper house to the Pennsylvania railroad station and return, and to furnish a keg beer, from which Callaban will drink on the route. # THE TARIFF OFF.

In these days of tariff argument we wish to say a word on so interesting a subject. To reduce first cost is the object of every one, by their theory Free frade or Protection. Especially is this so on wearing aprarel. We favor the poley that protects your pocketbook. If you can save a dollar or two on your winter clock it means just that much more you have to spend for something else you may want.

If you will look over our Price List and then come and look at our gar nents, we believe you will see the point we are trying to make, that we have taken the tariff off and at the same time given you the highest form of protection.
