Anulhilating a Multiform Disease. Miasmatic, or malarial, disease has many forms. Physicians have, for the sake of convenience and for the purpose of indicating its most strongly marked forms, subdivided it into intermittent and bilious remittent fever, dumb ague and ague cake. But it presents an infinite variety of symptoms in different individuals. A review of the proofs would convince any one of the fact. This, however, is impossible because they are too numerous, and unnecessary because the effects of this grand anti-malarial specific are a matter of common knowledge. No less familiar to the public are its remedial and preventive effects in bilious attacks, constipation, dyspepsia, incipient rheumatism, debility and kalmey troubles. "Why is it that so few American, women have grod complexions" asked Mrs Langtry on her first visit to America. Her question can be say in answered, women are sailow because the blood does not circuiste well through their bodies. It does not fill their checks with rich color and their eyes with brilliancy. It is "sluggish." What is the result? Bad color, weariness and poor beath. What will prevent this? A gentle and pure stimulant that imports strength, life and soud directation. This is precisely what Duffy's Pure Mait whisty does. It is not a beverage; it is a health-giving remedy. It is admitted to have done more in making ladies stronger and healther than any other preparation known to the world. It has the endorsement of dergymen, physicians and lady workers in the temperance cause, and it has never been known to tail in strongthening, restoring and benefiting. A well-known lady, writing on this subject, said:

I cannot say enough in praise of the Currecua Remedies. My boy, when one year of age was so bad with eczema that he lost all of his hair. His scalp was covered with eruptions, which the doctors said was scald head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the Curicusa Remedies, and I am happy to say with the most perfect success. His hair is now splendid and there is not a pimple on him. I recommend the Curicusa Esmadies to mothers as the most speedy, economical and sure oure for all sain diseases of infants and children, and feel that every mother who has an affleted child will thank me for so doing.
