TWO BOYS ACCIDENTALLY SHOT. One Gets a Load in His Leg and the Other a

Builet Through His Hand. As the gunning season has now opened be looked for in the newspapers. This forenoon two boys, residing on North Prince street, within two squares of each other, were shot and badly injured. The more serious accident was to Jacob Hartman, son of Harry Hartman, the tele-graph repairman, who resides at No. 346 North Prince street. At an early hour this morning young Hartman went to the country gunning with Ned Jackson, a solored man and two other boys named John Ream and John Irwin. About ten clock they were in the neighborhood of Eden and the party were about to cross a fence of a farmer. Hartman crawled between two rails in the upper part of the fence, and as he did this the gun, which he carried and was heavily leaded with bird shot, fell from his hands. The trigger struck a tree and caused the weapon to discharge. The whole load entered the boy's left leg, between the knee and the boy's left leg, between the knee and the smalle, causing a terrible injury. The boy was small like a wagon and brought to town by a ont into a wagon and brought to town by a armer, who drove him to his home. Dr.

M. L. Davis was sent for and he attended
his injuries. He found a very serious
lojury and the boy quite weak from less of
blood. It is not known how bad the
wound may prove, nor whether the leg
will have to be amputated. The boy was
suffering great pain when seen by an In.
TELLIGENCER reporter, yet he bore it manfaily and in a cool way told how the seci-

He pulled the trigger of the weapon up and was unable to get it down. He began working at it with his right hand and had the left immediately in right hand and had the left immediately in front of the muzzle. Suddenly the trigger descended and the pistol was discharged. The ball passed into the palm of the hand and came out of the back. Dr. J. W. Hess sitended him. The injury is not serious if

NOT THE PLACE FOR POLES.

Their Erection on Public School Grounds
Opposed by Superintendent Brecht
and Others.

Frequent complaints from the rural districts come in that partisan political poles are erected on public school property and by the permission and aid of public school teachers. In most cases this occurs in strongly Republican districts and in all the instances observed by our reporters and correspondents the poles are labelled "Harrison and Morton." Whatever be the politics or purposes of those who erect them this use of public school property is wholly wrong, utterly indefensible, calculated to demoralize the schools and to provoke breaches of the peace.

prescripte the schools and to provoke breaches of the peace.

Prof. B. F. Shaub, a Republican, excounty superintendent, being interviewed to-day, denounced the erection of party poles on public school grounds as entirely wrong and a practice that should not be permitted.

permitted.

Ex State Superintendant Wickersham says public school teachers have no right to permit such a thing to be done; if school children want to put up party poles they should be compelled to go upon private grounds to do it; the public school yards are no place for them.

County Superintendent M. J. Brecht,
also a Republicar, denounces the practice. also a Republicar, denounces the practice.
He says he has not personally seen a half
dezen cases of it in this county, but he has
invariably reprehended it. Scholars, he
says, have no right to put up such poles,
teachers have no right to allow it, and it is
the duty of directors to forbid it and to
order such poles removad.

order such poles removed.

Two prominent members of the bar being interviewed to-day gave it as their opinion that such uses of the public school property were wholly unjustifiable. They said that any tax payer in the district who was aggrieved should first complain to the aggrieved should first complain to the teacher, and, if the complaint was ignored, next to the board of directors. If that failed to bring the remedy removal of the pole by force was not a treepass; a party pole erected without warrant upon public property could be lawfully chopped down by any person who paid school tax in the district without rendering such a one liable civility or criminally.
