THE SNAKE LIKED PERSIMMONS. Rattler, Eighteen Feet Long, Wa Provented From Gotting at a Man Up a 1ree.

Madison Jolly, a well-known citisen of Greeo county, Ala, was attacked by a large rattleenake near Gainesville. He made for the nearest tree, which happened to be a large persimmon tree leaded with ripe fruit, into which be quickly climbed, knocking off some of the ripe persimmons as he made his way into the tree. When the snake arrived at the foot of the tree be began to eat the fruit which had fallen to the ground. After the snake had finished devouring all the persimmons is sight be began to coll himself around the tree, preparatory to climbing it. The frightened man, seeing the snake had eaten the fallen persimmons, gathered a handral and threw them to the ground; then the snake uncolled from around the tree and began to eat the fruit thrown down.

This was repeated several times, when Jolly bethought himself of a small vial of morphine which he was carrying home to his sick wife. He spill open several persimmons and emptied the contents of the vial upon them, and dropped them to his snake-snip, who immediately ate them. The drug seted like a charm upon the snake, and he was soon lying helpless upon the ground. The man climbed down and ran to a house near by and secured help and returned and dispatched the snake lying helpless from the effects of the morphine. The snake was sighteen feet long, six inches in diameter and had forty-four ratiles and a button on the end of his tail, and had been the terror of Tubb's creek awamp for the past twenty-five or thirty years.
