HOUSEFURNISHING GOODS, &c. "KEEPING EVERLASTINGLY AS IT BRINGS SUCCESS!

That is just what we are now doing. And the success which has crowned our efforts thus far lead us to expect still greater triumphs for the future.

We have only been in business since September 1, but we feel greatly inspired by the large share of public patronage that has been accorded us. We claim no other merit for this result except that which arises from our best goods at the very lowest

Just now we are making a special drive on Stoves, Heaters and Ranges. We have quite a large and varied stock of these on hand and they are all on our first floor, where they may be most easily examined. There is no need of stair climbing to ascertain their merits. We are determined not to carry any of these goods over this season and we have marked this season, and we have marked them down to figures within the reach of every one.

In our Stove Department we challenge comparison in quality and price. Besides there is our Novelty Hot Air Furnace, which leads the pace in furnaces and which is confessedly the most economical and popular house heater.

We recently heard a lady customer say that her steam heating plant, costing four times a \$36 Novelty Hot Air Furnace, had thus far been no coal saver! And another customer with steam heat is after us to supply him with a preventive of beat radiation from his steam pipes in his cellar. The Novelty Furnace meets all these objections and vanquishes them.

This is the time to look at House Furnishing Goods also. Our line of baskets, buckets, tubs, brooms, floor and table oil cloths, Agate ware, cutlery and all kinds of cooking utensiis has never been surpassed in this town. Call and look at them and be convinced. REILLY BROS. & RAUB.
