Girls who are in Demand.
The girls that are wanted are good girls—
Good from the heart to the lips;
Pure as the lily is white and pure.
From its heart to its awest leaf tips.
The girls that are wanted for home girls—
Girls that are mother's right hand,
That fathers and brothers can trust to,
And the little ones understand.

Girls that are fair on the hearthstone, And pleasant when nobody sees;
Kind and sweet to their, own felks,
scady and anxious to please.
The girls that are wanted are wise girls,
They arrow what to do and to say;
They drive with a smile and a soft word.
The wrath of the household away.

The girls that are wanted are girls of sense,

The girls that are wanted are girls of sense whom inshion can never deceive, Who can follow whatever is pratty; And dare what is stilly to leave.

The girls that are wanted are careful girls, Who count what a thing will cost, Who use with a prudent, generous hand,"

The girls that are wanted are girls with hearts;

The girls that are wanted are girls with heart
They are wanted for mothers and wives;
Wented to cradle in loving arms
The strongest and frailest tives.
The clever, the witty, the brilliant girl,
There are few who can understand;
But, oh! for the wise, loving home girls
There's a constant steady demand.

AN ALARMING SHOWING. The Greatest Danger New Threatening the Community and What the Leading Papers Have to Say on the Subject.

The leading question of the day among constitutions n, and in the leading papers is the claiming learness of passmonia, the death-rate showing an increase of over ave hundred per cent within the last few years. Pocker four-report M. Smith, in an article in the Medical Record, says that while medical at he advanced of recent years in many directions. "so far as passmonia is concerned retence has shrivelied." The New York Sem. writing on this question says: "The great increase in the intality of passmonia is very alarming, respecially 'as the disease carries off. To many in the fullness of life and health' The Sew York Head eags. "Considering the impending weather changes, it is to be feared this dread disease will open its campaign very vigorously." Eurgeon General Roors, of the Army, in his annual report says: "The principal cause of deathin the army is passmonia."

cipal cause of death in the army is predimental."

There is one thirg that every doctor, every surpson and every nurse does upon the first appearance of pheumonis, and that is to stimulate the system. The life is weakened, and must be stimulated to throw off this terribid do not. The amount of budy's Pure Malt Whishy used by the doctors and nurse of the land, in cases of pneumonia, is enormous. One doctor states that he cured himself of pneumonia three different times by the use of this Great Memody. Prudent heads of families have found the benefit of keeping this pure preparation in their homes, to be used in cases of emergency. Temperance mea and women, doctors of divisity, and the most advanced thinkers unbusitatingly endorse it. It is used not as a buverage, but as the most selentific remedy of the day, and it can show more cures than any other known discovery. Great care should be exercised in securing the genuine and great promptness in taking it on the approach of the first symptoms. (1) MCLANE'S LIVER PILLS.

THE GRNUINE DR. C. McLANE'S -CELESSATED-LIVER PILLS.

Intemperance a Disease.

When the celebrated Dr. Bush declared that drunkenness was a disease, he councisted a truth which the experience and observation of medical man is every day confirming. The many apparently insane excesses of those who induged in the use of spirituous liquors may thus be accounted for. The true cause of conduct, which is taken for infatuation, is very frequently a diseased state of the Liver. No or gan in the human system when deranged, produces a more trightful catalogue of classes, And it, instead of applying remedies to the manifestations of the disease, as is too often the case physicians would prescribe with a view to theoriginal cause, fewer deaths would result from diseases induced by a deranged state of the Liver. Three-fourths of the diseases on uncerated under the head of Consumption have their read in a disease Liver. The genuine Dr. U. McLaue's Liver Fills, prepared by Fieming Bros., Pitteburg, Pa , are a sure cure.

Mr. Jonathan Houghman, of West Union.

by Figurian Bros., Fitteburg, Fa, are a sure cure.

Mr. Jonathan Houghman, of West Union, Park Co., Illinois, writes to the preprietors, Figming Brothers, of Fittsburg, Fa, that he had suffered from a severe and protracted at tack of fever and ague, and was completely restored to health by the use of the genuine Dr. C. McLane's Liver Pills alone. These Pills unquestionably possess great properties, and cau be taken with decided advantage for many disease requiring invigorating rewedles, but the Liver Pills stand pre-eminent as the means of restoring a disorganized iver to healthy action: Lence the great celebrity they have attained. "Over the Hills to the Foor Hones." head, face and ears lwire one each, and I had to have a town on my head all the time in the summer to keep the flee off. My parents consulted a prominent physician and surgeon here in Chicago (the other physicians before mentioned were of Dundas and Hamilton, Canada) He said he could do nothing for me. He wanted to cut the sinews of my legs, so that I could wark; but I would not let him, for if I did get better I would have no control of them.

that I could waik; but I would not let him, for if I did get better I would have no control of them.

The disease continued in this matter until I was seventeen years old, and one day in January, 1878, I read an account in the Tribune, of your CUTICUEA REMEDIES. It described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleeding, from scratching myself, but I went asleep almost immediately, something I had not done for years, the effect was so soothing. In about two weeks I could stand straight, but not walk, I was so week, but my sores were nearly well as near as I can judge the CUTICUEA EEMEDIES cured me in about six to eight weeks, and up to this date (t. s. from January, 1873, to January 1887) I have not been sick in any way or have had the least signs of the disease reappearing on me.

Constitutional Catarrh. Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the huwan voice, the mind, one or more, and sometimes all yield to its destructive influence. The polson it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. sanford in the preparation of his Rangal Curk has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffing and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.
