HOOD'S BARSAPARILIA

Catarrh in the Head

Is a complaint which affects nearly everybody, more or iess. It originates in a cold, or succession of colds, combined with impure blood. Disagressable flow from the nece, tickling in the thron', offensive breath, pain over and between the eyes, ringing and bursting noise in the care are the more common symptoms, Ostarrh is cured by Hood's Sarsaparilia, which strikes directly at its cause by removing all impurities from the blood, building up the diseased tiesues and giving healthy tone to the whole system. Hundreds of testimonials prove beyond question that a positive cure for catarrh is found in

Hood's Sarsaparilla "I had the worst symptoms of chronic eatern his the heaf, indigestion, and general debility. I consided to try a bottle of Hood's Sarasparilla, and it did me so much good that I continued its use titl I have taken five bottles. Hy hea the hus greatly improved, and I feel like a different woman." Mas. J. B. Adams, 8 Eichmond, atreet, Newark, N. J.

"I feel it my duty to say that I saw Hood's Sarasparilla advertised and took two bottles. I am completely cured of irregularities and constipation of my bowels, catarrh and bronchial affections." H. H. Durgar, Atlantic Gity, N. J.

Dangerous tendencies characteries that very common affection, estarth in the head. The foul matter dropping into the broachial tubes or lungs is very liable to lead to broachial tubes or lungs is very liable to lead to broachial to common the second chitts or consumption. As enterth originates in impurities in the blood, local applications can do but little good. The common sease method of treatment is to purify the blood, and for this purpos there is no preparation superior to flood's bareaparilla. The powerful action of th's medicine upon the blood expels the scrofulous taint which feeds and sustains catarrhal disease, while it tones and builds up the affected membrane.
