The disease continued in this matter until I was sevenises years old, and one day in January, 1878, I read an account in the Fridme, of your GU figures a REMEDIES. It described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleediag, from seratohing myself, but I went asiesp almost immediately, something I had not done for years, the effect was so soothing. Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smeil, of taste, of sight, of hearing, the huwan voice, the mind, one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but tittle understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and bitherto untried method adopted by Dr. sanford in the preparation of his Rapical Cuus has won the hearty approval of thousands. It is instantaneous in affording relief in all head colde, ancessing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the venses of smeil, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and hidneys.
