LANCASTER, JANUARY 16, 1890.

All About Cider.

It seems to us that the supreme court of the state is particularly successful in its making of decisions. One of the kind is that which is a check for the decision of a jury...

Apparently then it is a question of law and not of fact to decide. The jury find what the particular constituents of the cider are; but when these are determined there seems to be a necessity for the law to say whether or no these constituents require a license for their sale...

It was therefore particularly vain for the supreme court to declare to this judge, who had decided cider to be an innocent beverage, that it was not his business to say so, but that of the jury...

Abstract Denunciation. And so it seems that Judge Woods, of Indiana, is not quite so anxious to convict Dudley as he has been credited with being.

There is no doubt whatever that voodooism, a horrible superstition from Africa, which has been rampant in Haiti, and which is still rampant in the mountains of the island...

Gov. Fifer, of Illinois, and Gov. Hovey, of Indiana, have just got through declaring that it is a fearful thing and certain to upset the nation, if it is not stopped.

The United States statute, section 5,621, declares: "If any person aids, counsels, procures or induces any such voter, or officer to do any act hereby made a crime, or omit to do any duty, the commission of which is hereby made a crime, or attempt to do so, he shall be punished by a fine of not more than five hundred dollars or by imprisonment not more than three years or by both, and shall pay the costs of the prosecution."

Boxing the Tariff. They had a fine time boxing the tariff opponents in the Senate on Tuesday, when they started in to consider the advisability of placing salt upon the free list, and soon fell to arguing whether tariff duties are paid by consumers, the seller of the tariff on wages and trusts and various other things.

It is interesting to note that the young emperor formally opened the Reichstag, but he was on hand on Tuesday when that body had actually got down to business, and he showed a temper as dominating and a will as strong as ever.

which we have a surplus and which we largely export. He thought that the president had spoken a little too strongly in his tariff message and he would not admit that every cent of the tariff duty is added to the cost to the consumer...

JOHN M. PHILLIPS, senior agent of the Methodist Book Concern in the city of New York and treasurer of the same, died on Tuesday in Brooklyn.

DR. OLIVER WENDELL HOLMES, who graduated at Harvard college 60 years ago, was here at dinner in Boston, a few days ago, with the alumnus of the same college, including Dr. D. S. H. Smith, Dr. Deane and Dr. F. Smith.

THE OPINION of an old and well-known merchant is given in a few words, viz: "I think the bill is a good one, and I think it is the best that is made."

HOOD'S SARSAPARILLA. It is that Hood's Sarsaparilla has cured thousands of people who suffered severely with rheumatism, sciatica, neuralgia, headache, toothache, and other ailments...

HEALTHFUL FOR 40 DAYS. Suffering greatly from rheumatism, I was unable to get out of the house. I was almost blind, and my head was so bad that I could not see. I tried many remedies, but they did me no good.

REASONS WHY AYER'S SARSAPARILLA IS PREFERRED TO ANY OTHER FOR THE CURE OF BLOOD DISEASES. Because no poisonous or deleterious ingredients enter into the composition of Ayer's Sarsaparilla.
