Replying to an Invitation to Address the "American-Tariff League," Chicago.

Mr. Blank writes to J. E. White, secretary of the "American-Tariff League," Chicago, who has invited him as the president of the National Association of Democratic Clubs to address the league at its meeting in Chicago, declining the invitation. He says:

On the 4th of July last there assembled in Baltimore, Md., the largest and the most earnest tariff reform convention that has ever been held in America. There were twenty-five hundred delegates present, and many thousands of spectators from all parts of the Union. It formed the final result of the deliberations of every state and territory. The Democratic and Democratic clubs, forming the primary constituents of this association, have since that time been actively engaged in the work of reform.
