A TERRIBLE RUNAWAY.

Horses Driven by Four Young Men Become Unmanageable

Ernest Reasle While Attempting to Stop the Team Is Thrown From the Wagon and Probably Fatally Injured—A Wheel Passes Over the Young Man's Head.

An accident in which a young man was probably, if not fatally, injured occurred shortly after noon to-day, on the Willow Street turnpike, a mile from this city. This road was driven by Samuel, Daniel and Henry Reasle, three young men who are sons of Benjamin Reasle, who is a farmer and resides a mile and a half west of Harrisburg, came to this city with a four horse load of tobacco. They got rid of the load and then left their team at the Swan hotel, while they went around the town. During the forenoon they were drinking rather freely and about noon they started for home. Besides the Reasle boys Daniel Shenk, another young man, was in the party. All were in the wagon, and as they passed down South Queen street they drove rather recklessly. Down the furnace hill they travelled at a dangerous rate of speed, passing the teams of several of their neighbors, who were returning home but declined to drive more carefully. They stopped at the first toll-gate where they paid their toll, after considerable wrangling with the gate-keeper. Upon leaving that point the horses again began running with all the young men still in the wagon. The team passed up the little hill beyond the gate rather lively and began descending the other side, at the residence of D. C. Lipp. At that time the horses were running away, and Samuel Reasle saw this. He applied the brake for the purpose of checking the animals, but found that it was of no avail. He then attempted to get out of the wagon to the ground. In doing this he fell, striking the frozen ground very hard. The hind wheel of the wagon passed directly over his head. He was picked up unconscious by G. Oram Phillips and others, who happened to overtake them, and was found to be badly injured. After a time he was carried to the house of Mr. Lipp, who lives close to the turnpike. One of his brothers came to town for physicians and Drs. Shirk and Campbell drove out. They found the young man lying on a lounge covered with blood. The soft part of the head was terribly cut, and there was a hole in the front almost as large as a man's fist. Flesh in large pieces was torn from the skull. From a hasty examination made by the physician, while a reporter of the INTELLIGENCER was present, the physician did not think the skull was fractured. The face was cut, and it presented a terrible appearance, as it was almost twice its usual size. The man may be injured internally also, and his death is not unlikely.

After Reasle had fallen from the wagon young Shenk knew that he had been hurt. He managed to get out of the wagon and succeeded in reaching the ground safely. He then ran ahead of the horses and succeeded in stopping them. At the foot of the hill there are rather high embankments on either side of turnpike. The wagon was stopped right at the edge of one of these and had the team ran a few feet farther it would have tumbled over and the men in the wagon would probably have been killed.

ARRESTED FOR TILL TAPPING.

A Colored Man Steals Money From the Saloon Of Conrad Weimer—Democratic Primaries on Saturday Evening.

COLUMBIA, Feb. 8.—On Thursday afternoon a colored man entered the saloon of Conrad Weimer and robbed the money drawer while the proprietor was in another part of the house. The man was seen behind the bar by Mrs. Weimer, and he immediately left the saloon. The man stole about forty cents and the theft was brought to the notice of Officer Wittick, who went in search of him. In a short time the till tapper was in the lockup. He was given a hearing before Squire Evans, where he gave his name as Isaac Dorsey, living at 1,810 Cairo street, Baltimore. He was committed to jail to answer the charge at court. He confessed that he had robbed other places.

Mrs. Stoner, living in Manor township, met with an accident this morning on Locust street. She was driving down the street in a covered wagon and ran into a spring wagon standing in front of May's grocery store. The wagon was upset and Mrs. Stoner was thrown out, but escaped injury. The shaft of the wagon was broken.

A big audience was in the opera house last night when "Boccaccio" was presented by Miss Jeannie Winston and company. The performance was first class.

General Welsh Camp, Sons of Veterans, will hold a camp fire in the armory on Friday and Saturday evenings of next week. On Friday evening the Ladies Aid society of Lancaster will be present and Camp No. 32, of York, on Saturday evening.

Joseph H. Reed, brakeman on crew No. 25, of the P. R. R., was struck by the swinging arm of a water plug at Bryn Mawr yesterday and seriously hurt. He is lying in a critical condition at a Philadelphia hospital. Reed is about 25 years old and boards at Mrs. Hall's, on Walnut street. He has been on the railroad about three years.

General Welsh camp, Sons of Veterans, hold a meeting last night, and arranged to attend religious services on next Tuesday evening, in the Methodist church. Sedgwick Circle, ladies of the G. A. R., will also attend.

The primary meetings of the Democrats will be held on Saturday evening at the same places where the naming meetings were held.

ELECTION OF SCHOOL DIRECTORS.

The Proposed New Mode of Selection to Be Submitted to a Vote.

At the meeting of the Democratic city committee on Thursday evening the resolution adopted by the Fourth ward, in reference to changing the mode of selecting the Democratic school directors, was considered, and it was decided to submit to a vote at the primary on Saturday evening whether or not the change shall be made.

There are 18 Democratic school directors and now each ward has two. Under the present system, as a vacancy occurs in a ward by the expiration of a term, a nomination is made in the ward in which there is such vacancy.

Under the old system and to which it is proposed to return if the resolution of the Fourth ward should be carried by a majority of votes on Saturday evening, each year Lancaster six school directors will be voted for at the Democratic city primary election. All the wards may then place candidates in nomination and the six receiving the highest number of votes would be the nominees.

Patients Removed From a Burning Hospital.

MADRID, Feb. 8.—A fire in the military hospital here to-day caused a panic among the patients, 430 of whom were undergoing treatment in that institution. The doctors and nurses, however, stuck to their posts and succeeded in removing all the inmates in safety. The governor of Madrid especially distinguished himself in the work of rescue, carrying several patients, suffering from contagious diseases, to the military barracks near by. A wing of the hospital was wholly consumed before the flames were under control.

Gladstone Stolen From a Jail Armory.

DUBLIN, Feb. 8.—Last night while the jail at Downpatrick was guarded by soldiers on police, the jail armory was entered by unknown persons and all the carbines stolen.

He Drowned in the Grave.

ONANCOCK, Va., Feb. 8.—J. T. Fletcher, of Jenkin's Bridge, whose supposed death was announced on Friday, was buried alive on Sunday. The services had been held and the body interred in a grave when a groan issued from the coffin. The coffin was opened and it was found that Mr. Fletcher's blood was circulating. He was carried home and put to bed, but he never regained consciousness, and died yesterday.

A New Coffee Pot.

The Etruscan Coffee Pot is a new invention, which has just been placed upon the market. It is very attractive in appearance, and in it coffee is made by an entirely new process, which is a great improvement over all others. An agent called at this office yesterday and made several cups of coffee, which can be well recommended. It is clear, highly flavored, and free from rank tastes.

March Trips to California.

Messrs. Raymond & Whitcomb will send out two more tourist parties to the Pacific coast early next month. The dates of departure are March 7 and 11, the party on the former date going over the Santa Fe line, and the one leaving March 11 taking the route via. New Orleans and the Southern Pacific company's railway, through Texas and Arizona. The parties will arrive in Los Angeles and at other Southern California points March 16 and 18. March and April are delightful months in Southern California, while in the East they represent the most disagreeable part of the year. There could not be a greater transition than a journey across the continent at this season of the year brings to the traveler. Both parties will have the advantage of the most luxurious vestibuled Pullman trains with a complete dining-car service, which insures first-class meals at regular hours while in transit. The return tickets are good until July, and there is a choice of five different returning routes. Two spring sight-seeing tours across the continent are announced for May 2, and the third and last excursion through the Southern states and Mexico for March 11. Descriptive circulars of the various trips may be obtained of Raymond & Whitcomb, 111 South Ninth street, under the Continental hotel, Philadelphia. 1t

Echoes of the Press.

While statements substantiating the claims of Humphreys' Specifics made by patrons from personal experience, has proved their priceless value, yet we regard it a pleasing duty to our readers to clip the following reinforcements from our exchanges: Cresco, Ia., *Plain Dealer* says editorially: "Nothing we have ever tried in our family equals Humphreys' Specific No. 7, for coughs and colds." Hampstead, Md., *Enterprise*: "In our home we have used Humphreys' Specifics four years; there are ten of us from seven years old to forty, and during this time we have cured every well defined case of sickness which has presented itself." Baltimore *Farmer*: "We have long used Humphreys' Specifics and heartily recommend them to our friends. They save much in time and money and are generally a successful prevention of severe attacks of illness." Lancaster, O., *Republican*: "For two years now we have doctored our family successfully with these Specifics. They possess true merit." Walden, N. Y., *Times*: "When sick or ailing with fever, malaria, dyspepsia or kidney disease we send at once for Humphreys' Specifics which have deservedly obtained a wide reputation and general use." These reports are in unison with those appearing in every part of the country and confirm the sentiment so often expressed and reiterated that no family can afford to do without Humphreys' Specifics." — *Mobile Ala., Blade.* 1td

The stock market opened fractionally lower in sympathy with a decline in prices for American securities in the London market of ¼ per cent, but after the first few transactions a buying of C. C. C. & I. and R. T. started prices upward, and by 11 o'clock an advance of ¼ to 1¼ per cent had been established. A part of this was lost in the hour to noon, a result of a heavy Boston failure. At this writing the market is irregular and unsettled.
