Something New Under the San.

A novel wedding in colored scolety in
Richmond took place at the church of the
Hev. John Jasper, the famous author of
"De sun do move" theory. The bride
waited at the pulpit while the ten virgina,
with their isings burning, went down the
size to meet the groom, who stood at the
door. As they walked the lamps of the five
foolish virgins went out, whereupon they
were summarily expelled from the buildlog, and were forced to stand on the pevement outside during the entire ceremony.
This was, of course, scoording to the programma. Then the five wise virgins, whose
lamps were burning brightly, escorted the
groom up the size, where he was met by
the bride, while the choir sang, "Behold,
the Bridegroom Cometh."

A man who refused to give his name orawled on the truck of a Lehigh Valley passenger train at Slatington on Tuesday night, lay face downward, and remained in that position until the train arrived at Bethlehem, where he was discovered by the engineer, removed, almost as stiff sean iron rail, and taken to the police station to thaw out. He said he made several attempts to crawl out at stations along the road, but was unable to move. He was drunk when he boarded the truck, soher when removed, and again drunk when thawed out. Next morning he gave his name as Daulei Edmunds, and was sent to jall for ten days,

"The Best Laid Plans of Mice and Men Gang aft agiee," Not so Hostetter's Stomach Bitters. It goes right to the spotit is designed to beneficially affect, and there is no tardiness in its action. But while it relieves constipation in common with dyspepsia and liver complaint—associate evils—the griping and abdeminal disturbance produced by drastic urgatives never precede its operation. Its horoughness is unmarred by violence, the chief characteristic of most laxatives, and one chief characteristic of most laxatives, and one that is highly prejudicial to both bowels and stomach. It is fonly by invigorating the intestinal canal, and thus fitting it to perform its office as a natural sluice for the effect matter of the system, that its regularity can be perpetuated. To weaken by drenching is to insure its relapse into disorder. This the Bitters never does. Chilis and fever, nervousness, kidney complaints yield to the Bitters, and appetite and sleep are improved by it,
