THE NEWS ABOUT QUARRYVILLE. A Tong Lody Seriously Injured By an Ex-

pictus of Dynamits. QUARRYVILLE, Feb. 28.-This pices, the scene of so many election "fights," is now excited over a rather novel puglistic en-counter between two ladies which took piace a tew days since. In Sullivanistic style they pummeled each other, and only when the finger of one was in danger of being bitten of did she "give tongue." As a result a Lancaster constable visited a result a Lancaster constable visited Quarryville to-day and arrested one of the

The hearing of the parties arrested for The hearing of the partice arrested for alleged interfering with the election officers will take place on Friday at 10:50 a.m. at the office of Alderman Deen, of Lancastor. A terrible accident happened to Miss Clars Young, of Colerain, a step-daughter of Washington Swisher, with whom abe resides. Miss Young by some means procured a dynamite cartridge, which had been tring around the house.

had been lying around the house, and in picking it with a pin it exploded, tearing her hand in a frightful manner necessitating the amputation of the first three fingers of the right hand and the thumb and forefinger of the left one. Dr. Wents attended her and she is doing B of the Dr. Wents stiended her and she is doing as well as can be expected. Those caps, though small, are powerful; in each of them is a small amount of nitro-giverine, which is covered with a piece of paper, and the inquisitive person finding one invariably proceeds to examine it with the usual disastrous result.

proceeds to examine it with the tutue disastrons result. A great deal of sickness is the report of the dectors of this neighborhood at present, pneumonia being the principal aliment. Henry Keen, one of our well known dill-sons, has been very low with it, but is improving. Mrs. James Risk, Mrs. Wm. Kunkle and several other elderly persons are poorly. Venduce are as plentiful as usual this

spring. The general report is that stock is selling as well as heretolors with the excep-tion of cows. The smilling face of Joseph Cilnton is missing, and without him "wandus" is scarcely complete. Others manufacture the "oyster" soup, but no one dispenses it with the grace of Joe, who in his trick with the solitaire oyster was great. The store room of G. J. P. Raub is being enlarged and greatly improved. When completed it will be one of the largest and finest in the county. Every person has their ice houses filled

at last. This year promises to be one of great improvement in this neighborhood; siready more than a dozen new buildings are spoken of in the vicinity. A. J. Harrar, of Colorain, expects to build a fine residence, barn and out buildings on his farm. Con tor Cyrus G. Barr expects to run from ten to flitteen men during the season, and J. B.Schwineheart probably as many. The Clover club ball was a grand success

in every way. Parkenburg, Oxford and Christians sent large crowds and the occaion was a most delightful one. At the recent election the vote for con-stable was a tie between William Murphy,

the present incumbent, and Daniel Oatman The citizens of the town and township however, seem to favor the appointment and retention of Mr. Murphy, who has proved to be a most excellent officer.

If all the railroads are built that are now being talked of there will be no use for horses in this country next year. They are to run in all directions, cavi and west, north and south, with stations at every orchard. But all railroads contemplated end to Quarryville, not New Providence The whistle of the traction engine only will shrick over the bills of Conowingo and there will be no station at Miles Down's for a year or two. The editor of the Examiner

L. T. Hensel, for Skiles & Frey, and L. M. Poters, for R. H. Brubaker, are buying large lots of tobacco in this neighborhood. The Reading railroad company has in-creased the freight rates for shipping tobacco from this point simost one hundred per cent, and as a result the farmers as a rule haul their tobacco to Lancaster.
