The Phindelphis Market, From the Tobacco Leaf. Bandless of leaf tobacco which can be manipulated into eigers are notoverstocked with business. Still, the delly eases of the different houses, when aggregated, and the total amount of the week's business, are seconraging and asiafactory — perhaps not in price received, but certainly in eases sold. The kind of tobacco sold embraces all the different states' growth. In Sumetra the neural daily calls are noted, the only exception being that it demands close scrutiny, owing to the high figures.

Havana is not quite so free in demand, Bavana is not quite so free in demand, and yet the sales are frequent and seli-factory. The salvance is saked and paid without murmur.

As Extrance Made By Burgiars. There was an attempted burgiary at the bread and cake store of J. F. Honninger, on West King street, at an early bour this merning. One of the bakers left the bakeshop, in the rear, between 12 and 1 o'clock abop, in the rear, between 12 and 1 o'closs, and went to the house to get something to eat. He found the back door of the house open and soon heard footsteps. As he reached the store, in front, he heard some one run out of the door leading to West King street, ringing the bell, which is on the door, as they went out. An examination of the normalizes way made but there is nothing the premises was made, but there is nothing missing. It is not known how the supposed the pren thief entered the bouse.

A Mastrat In the Street

Last evening a muskrat made bis apparance on the streets, and created some tiement. He must have been driven from his hiding place along the Concetogs by the high water and bobbed out of the sower. He was scarcely out until he was even by Frank Steiger, Charlie Slinkman, Sam Musketours, John Campbell and George Wiley, hackmen, who gave him a ohave. They ran out into the Pennsylvania pessenger station and then into the street, where they killed him. A colored hotel porter took the animal away to secure the hide.

Taken to Jall For Laterny. Constable Sol Shenk brought William Musser, a young man of Elizabethiown, to this city this afternoon, and lodged him in fail on a charge of larceny. The complainante are Herizler Brothers, merchants, o Elizabethtown, who allege that Musser has been stealing gloves, handkerchiefs and other things from their store for some time past. The young man was heard before Squire Molaughlin this morning, and committed in default of ball.

Octamble Darkey Bargiers Hold for Court Horace Darsey and George Watson, of Columbia, the two colored men who broke into the house of Jacob Habscher, in Manor township, and threatened to kill that gentle man's sisters something over a week ago,

were heard before Squire Evans in the orphane court room this afternoon. The Misses Habeoker promptly identified the two men who were committed in default of bail for trial at court. The charges against them are felopious entry, felopious assaul and carrying concealed deadly weapons.
