Intelligence WARDER O. MER.

Julies Long. In lost one of its most and efficients, in the death of the hold the respect of the integrity and unefulness July many years he was a most, a position from which its and solely because he of with the political machine the was a man of too the main independence to obey compete with the best works of the day. It is well located and there need be no ity and independence to obey stion, even to save a place much which he loved and wholly accordant with If the idea of an indepen-ity could have penetrated the and thick heads of the political builts of this county, Judge is have been retired from its by physical infirmity, instead inplaced from it in the vigor of

a learned, just and sound b chief lack was in adminis-m. He could not be called a trailing officer. Nor was he as to be. He was exceedvative and unenterprising, meated with the old style Gerpererence for economy and its dread to a community as balance the and governors rather than motors. Was a good man, of whom everyone reverently cry, peace to his ashes

The Ratirond Bicycle.

to print elsewhere the intelligent com a new proposition in railroad loco-m, being the extension to it of the is service. The suggestion is that a 175-04 on one track and one line of wheels tep itself upright by its own motion, the trundled hoop, and will go adily and round curves easier, m friction and require less power, the train upon parallel wheels and whose speed is limited by its neces-coefficient and weight. The Engin-og News thinks that the idea will finrevail, in some shape, since the prin-

to idea is certainly a very seductive and the experiment will be awaited intense interest by the railroad user as owner. It will cheapen railarriage wonderfully, if it succeeds. into double tracks and the double will be quadrupled. The present stock will all be abolished, though d beds are utilized. It may te, of the president had not monopolized the ever, that in the full success of the nt there will be material changes

ind for even in these. Noch a mode of transportation seems call peremptorily for elevated tracks, the the speed proposed to be attained total apparently be too great for the provide to the state of the state of the speed proposed to be attained total apparently be too great for the state of the speed proposed to be attained total apparently be too great for the state of the speed proposed to be attained the land surface. The system should its first successful trial upon the elepacious train service is wanted. we may be an obstacle, in the cost of cture, to the early use of the plan inary railroad traffic ; just as the a'ar plan for the conveyance of freight atte pressure is postponed to the ture, in general practice. But we are

where cost

It may be that a purpose to revise its in-terest and labor scale caused the stoppage. But there is no danger that it will be permanent. The works are well equipped and well manused, though somewhat It is said that British paupers are still sait to America, as crews of the large teamers, and that they often carry double their usual crews on the passage west. This is an evasion of the, is w that cannot easily be prevented, but it is not a very friendly or respectable proceeding on the part of the Englishmen. and well managed, though somewhat expansively officered. They are worth all they owe, and when business becomes active they will be able to pay it. It is not an old fashioned plant, but is able to

MRS MARY I. BOOTH, oditor of Harper' MRS MARY L BOCTH, oditor of Harper's Bazar, who died yesterday, was a woman of great nobility of character, marked stisioments and unflagging industry. She has done about as much toward educating her country women in manners and morals as anybody in the profession. If her tomb-stone does not last a long while, then Old Time is an undiscriminating crumbler.-of Philadelphia has declared that that gity of any city in the civilized world. This is a great mistake. Lancaster is in the civil-ized world, and is absolutely without any new buildings or alterations in buildings. In fact it was recently declared by the city solicitor that there is no authority to compet

ISALAH V. WILLIAMSON, the veperable ISAIAH V. WILLIAMSON, the veperable merchant and philanthropist of Philadel-phis, is believed to be dying. He has never completely rallied from the stroke of paralysis which struck him down some time ago. On Tuesday his condition be-came so slarming that physicians were in stiendance upon him during the entire day. It is not believed that he can live more than a few days at the utmost.

down, though if it did fail down the owner would be liable for damages. We take things easily in Lancester, and if our market houses do fail down occasionally and our buildings are of doubtful archi-tecture, who cares? Nobody has been killed in a very startling way, and a city can not be expected to take these precau-tions not be expected to take these precauthan a few days at the utmost. MR. PARNEL, finding it impossible to resp nd to the many letters he has received from both Europe and America congratu-lating him upon the collapse of the *Times'* case against him, desires through the press to heartly thank the writers of the letters. The communications received by Mr. Par-nell comprise letters from unexpected quarters and from persons in the bighest ranks of art, literature and science. Many of the writers my that the revelations of the trial baye converted them from Balfourism trial have converted them from Balfourism to Parnellism.

to Parnelliam. He sure and call for Dr. Buil's Cough Syrup. if you are troubled with a bad cough or cold. Mr. L. B. Biefer, of Lancester, Pa., write us Having a sprained ankie of almost thirty day standing, and after trying hait a down advor lised preparations in the market without sub isfactory results, i tried Salvation OI, and in ters than three days my leg was all right again. There's nothing like it.

HOOD'S SARSAPARILLA.

THE PLAIN TRUTH Is that Hood's Sarsaparilla has cured thou sands of people who suffered soverely with rheumatian. It neutralizes the lactic acid in the blood, which causes that terrible pain and aches, and also vitalizes and enriches the and aches, and also vitalises and enriches the blood, thus preventing the recurrence of the disease. These facts warrant us in urging you, if you suffer with rhoumatism, to give Hood's

Earsaparilla a trial, "For 25 years 1 have suffered with sciatic Rhenmatism. Last November 1 was taken worse than ever, and was unable to get out of OVER two hundred nominations made recently by President Cleveland were no he house. I was almost HEI.PLESS FOR 40 DAYS confirmed. The majority in the last Senate were not prompted to insction by good

HELPLESS FOR 40 DAYS suffering great agony. In December 1 of m-menced taking Hood's Sarsaparills. After the second bottle I was able to be out and around and attend to business. I took five bottles, and am now so free from rheumasism that only ocassionally I feel it slightly on a su d den change of weather. I have great confi-dence in Hood's Sarsaparills. CHARLES EAF-NAU, Christle, Clarke Co., Wis. INFLAMMATORY HHEUMATISM "Heyting here troubled with Imfanmatory THIS is the first day of Lent, and a very lurge proportion of the Christian world suddenly changes its manner of living, while a still larger proportion makes some faint pretense of doing so. In New Orleans and in many foreign lands there was high carnival yesterday, and we should be read

"Having been troubled with imfammatory recumatism for many years, my lavorable attantion was called to flood's sarsa parilla by an advertisement of cures it had effected. I have now used three bottles of Bood's Sarza-parilis and can already testify to beneficial sults. I highly recommend it as a blood putter." J. C. Aruns, West Bloomfield, N. Y.

Storing Silver.

The Philadelphia Times very aptly sugthat the proposition of the Nevada mate to increase the purchase of silver million to four million dollars a month, right very properly be met by a proposi-tion from the Pennsylvania senators that the United States should purchase the spins production of pig iron in the

The purchase of silver bullion is based the idea that it is wanted by the entifor money. It is, however, demonstrated that the country does od for money the amount of that is now being coined, which two million dollars a month. It is put in the tressury vaults; and the vault y, which has been largely inmend to meet the demands of the silver, the be again increased if the coinage e. The nation is continuously wing silver for storage and not for use to supply a market to its silver prois interest demands that a greater ve value should be maintained silver than the law of supply demand provides. The interest the iron producer makes the same demod; or would do so, if the help moded by the government purchases id be guaranteed to be steadily conmed, as long as asked for. The govat would then keep the pig iron of suntry on storage at the cost of the theie people, who would pay this tax in to that levied upon them by the til duty. It would be a most comfortenrangement for the iron, as it is for allver producer ; but no argument is mind to show that it is an unjust imm upon the people, and one that and silver producers cannot ask; proper policy being the checking of production to the market need; and licy is just as incumbent upon the as upon the iron producer.

> Reading Iron Works Suspension failure of the Reading iron works probably more sensation than it s as a trade indic ation.
