Inreased vitality, a gain in weight, tranquillity creased vitality, a gain in weight, tranquillity of the nerves, sound appetite and sleep are among the blessings which it is within the beneficent power of this medicine to confer, and it is not surprising that after acquiring this new downy of health the grateful sick should sometimes utter their praises of the Bitters in terms bordering on extravagance. "Out of the fulness of the heart the mouth speaketh," and the proprietors of Hostetter's Stomach Bitters have sometimes been obliged to suppress these elogiums lest they should be accused of blowing their own trumpet too loudly. For constipation, biliousness, kndey complaint and incipient rheumatism the Bitters is also a deservedly popular remedy.
