When purpling shalows westward croep
And ciare through crimson curtains peep,
And couth winds sing themselves to sleep
From woodlands heavy with perfume
Of sptcy bed and April bloom
Counts through the tender twilight gloom,
Music most mellow,
"Whip po' Will -Will, oh!
Whip po' Will -Will, oh!
Whip po' Will, Whip po' Will,
Will, oh!"

The bosom of the brook is filled.
With new starm, the forest thruled.
With startled echoes, and most shilled.
To run a labyristhin race.
The firefites light their lamps to chase.
The culpri' through the darking space.
Mischievens fellow,
"Whip po' Will—Will, ch!
Whip po' Will—Will, ch!
Whip po' Will—Will, whip po'
Will, ch!

From hill to believe caboos fly,
The marshy brakes take up the cry,
and where the slumbering waters lie.
In eaim repose, and slyly feeds
The snipe among the whispering reads,
The tale of this wild sprite's misseeds
Troubles the willow,
'Whip po' Will—Will oh!
Whip po' Will—Will, oh!
Whip po' Will, Whip po' to will, oh!

And where is he of whom they speak to the he just playing hide and seek.

Among the thickets up the creek to the resting from his play. In some each grotte, far away,

Where italiaby erooning sephyre stray,

Smoothing his pillow,

"Whip po' Will—Will, oh!

Whip po' Will—Will, oh!

Whip po' Will, Whip po' Will—Will, oh!

Whip ho' Will, Whip po' Will, Whip po' Will—Will, oh!"

ON WATCH IN MID AIR. er Boomers Propared to Descend on

The members of the Kansas board of ratiroad assessors, just returned from a trip through Okishoma, report army officers as saying thousands of boomers are still concealed in the brush, and that if the whole United States army was there it could not drive them out. Names are taken, but nine out of ten are fictitious. Osptain Woodson and Lieutesant Carson are in receipt of telegrams to hire homes, have them saddled and bridled and in waiting on the arrival of trains at Okishoma Olly, April 22, at noon. The object is to mount at once and by fleet steeds distance rival boomers on foot and capture choice claims. A party of four Hooslers, with a balloos, are camped near Antelope Hills. They will make an ascent in the morning, drift in mid art till neon sud then descend hours in advance of teams and speedy horses.

State officials auticipate trouble and say the country will be an eldorado for good land office lawyers. Settlers taking claims will find it difficult to describe the same when they go to the land office to make a filing and this will give rise to innumerable contests. More will grow out of the filings by boomers who stayed in the country against the president's orders and will come out of the timber April 22, and file any way.

"Tsu deaths of women from Bright's Disease during the child-bearing years of life (from twenty to forty-five) is as high as 80 women to 100 men. After the age of 45 the proportion of deaths from Bright's Disease sank to 50 women for every 100 men. There seems no other conclusion to be drawn from this, than that pregnancy is a frequent cause of Bright's Disease." Bo writes wm. Roberts, M. D., F. R. C. P., London, Physician to the Manchester, Eng., Royal Indirmary, Professor of Medicine in the Owen's College, Manchester. All women during pregnancy and the "getting up" period, should use Warner's Sale Cure, and prevent diseases of the kidneys.

The Stomach Distils Acids.

These, if existent in a natural quantity, and unvitiated by bile, play their part in the functions of digestion and assir the artificial acid resulting from the inability into sustenance, is the producer of flatulence and heartburn, which are the most harrassing symptoms of dyspepsia. The best carminative is Hostetter's Stomach Bitters. Far more fective is it than carbonate of sods, r nesia or other alkaline saits. These invarinesia or other alkaline saits. These invari-bly weaken the stomach without producing permanent benefit. No man or woman chron-ically dyspeptic, and consequently nervous, can be in possession of the full measure of vigor allowed by nature. Therefore, invig-orate and regulate the system, and byso doing protect it from malaris, rheumatism and other serious maladies.
