In Town and Hamlet The seeds of intermittent and bilious remis-tent fever germinate and bear evil fruit. No unity has altogether escaped it. In ous wards of large cities bad sewage sources it, and in their subtres stagmant pools in sunken lots breed it. There is at once a remedy and a means of prevention. Its name is Hostetter's Stomach Bitters, which is, without peradventure, the most potent antidote in existence to the malarial virus. Fortified metistence to the mainrial virus. Forther with this incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Disorders of the stomach liver and bowels, begotten by miasma-tained water, or any other canee, succumb to the beneficent corrective named, and rheumatic kidney and bladder troubles are surely removable by its use when it is given a persistent trial.

SPHUIAL NOTIONS.

Roth Pole Expeditions,
Prize fights, lotteries, walking matches, and
balicon ascensions are usually humburs of the
worst sort. Dr. Thomas' Relecting Oli is not a
humbur. It is a quick cure for aches and
sprains, and is just as good for a laweness.
