In Town and Hamlet The seeds of intermittent and billious remit the sees of intermittent and billion remit-tent fever germinate and bear evil fruit. No community has altogether escaped it. In populous wards of large cities bad sewage causes it, and in their suburbs stagmant pools in sunken lots breed it. There is at once a remedy and a means of prevention. Its name is Hostetter's Stomach Bitters, which is, without peradventure, the most potent antidote in existence to the malarial virus. Fortified in existence to the malarial virus. Fortised with this incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Disorders of the stomach liver and bowels, begotten by miasma-tained water, or any other cause, succumb to the beneficent corrective named, and rheumatic kidney and bladder troubles are surely removable by its use when it is given a persistent trial.

From Pimples to Scrofula

Gured by Cuticum Remotics.

My disease (peorinsis) first broke out on my eft cheek, apreading across my nose, and almost sovering my face. It can into my eyed and the physician was airsid I would lose my eyesight altogether. It apread all over my head, and my hair all fell out, until I was entirely held-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head, and aboulders being the worst. The white scabe fell constantly from my head, aboulders, and arms; the skin would thicken and be red and very itohy, and would crack and bleed if scratoted. A fior spending many hundreds of dollars, I was pronounced in curable. I heard of the Curicuma Resonand after using two bottles Curicuma Resonand after using two bottles Curicuma and one cake of Curicuma zoar, I was almost cured; and when I had used air bottles of Curicuma Resonant of Curicuma Zoar, I was cured of the dreadful discuse from which I had suffered for five years. I thought the disease would leave a very deep soar, but the Curicuma Emments oured it without any soars. I cannot express with a pen what I suffered before using the Curicuma Remembra. They maved my life, and I feel it my duty to recommend them. My hair is restored as good as ever and so famples, and all have reconived great benefit from their use.

I contracted a terrible blood poteoning a year age. I decided with two good physicians, neither of them did me any good. I suffered all a man can suffer and live. Bearing of your Curiouna Rammons I concluded to try them, knowing if they did me no good they could make me no worse. I have been using them about ten weeks, and am most ride of the awrit sores that covered my face and body. My face was as bad, if not worse, than that of little Boynton, spoken of in your book, and I would say to any one in the same condition, to use Curiouna, and they will surely be cured. As we have just closed our second year in business, and are entering our third, we wish to return our thanks to our numerous friends and patrons for the very liberal patronage bestowed upon us, hoping to merit a continuance of the same. Daily are we having customers that say, "We have heard so much of your store. We throught we would have to come and see for ourselves." Why do they hear of us? Low Prices is the cause, as we took you several weeks ago in reference to the prices of our Garcets, that we have marked our profits small. Better to have them so out at small profits than keep them standing here with large profits, had the desired effect, and we have been outling them faster than we expected.
