### Shall Herjamin Marco ?

From the Critic.

It will be too much to expect the opponents of the new administration to pass year in silence a certain significant sentence their occurs on page 829 of the April Century. It was not written by a contributor to the magazine; if it were a writing of a recent date its significance would be nil. What makes it impressive is the fact that it was written thousands of years ago. In view of this circumstance lis prophetic pertinence is absolutely startling. It is a passage of Holy Writ and may be found in the first column of the fac simile of the page at which the Bible on which Washington took the oath of office isy open. The paragraph reads thue; "Berjamic shall raven as a welf; in the morning he shall devour the prey, and at night he shall divide the spoil."

Prince Law, a negro living on the Spring-field plantation, five miles out of Savannab, 63, killed his five-year-old son Thuraday atternoon as a sacrifice to the devil. Law is orany on religion. A few days ago he became convinced that it was his duty to hill some member of his family, and he drove his wife from home and beat his child to death on the door step with a piece of scantling. Law was arrested, and is a raving manisc in jail.

#### In Town and Hamlet

The seeds of intermittent and bilious remit-tent fever germinate and bear evil truit. No community has altogether escaped it. In populous wards of large cities bad sewage causes it, and in their suburbs stagmant pools in sunken lots breed it. There is at once a remedy and a means of prevention. Its nam is Hostetter's Stomach Bitters, which is, without peradventure, the most potent antidote in existence to the malarial virus. Fortified with this incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Disorders of the stomach liver and bowels, begotten by miasma-tainted water, or any other cause, succumb to the beneficent corrective named, and rheumatic kidney and bladder troubles are surely removable by its use when it is given a persistent trial.

### SPROIAL NOTIONS.

North Pole Expeditions, Prize fights, lotteries, walking matches, and balleon ascensions are usually humbugs of the worst sort. Dr. Thomas' Eclectric Oil is not a humbug. It is a quick cure for aches and sprains, and is just as good for a lameness. For se e by H. S. Cochran druggist 137 and 159 North Queen street, Lancaster.

Their susiness Booming.

Probably noone thing has caused such a rush of trade at Cochran's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Golds, Asthma, Bronchitis, Croup and all throat and lung diseases quickly oured. You can test it before buying by setting a trial bottle free.

Every bottle warranted. (3)

### "The Dead Line."

For three years I was almost orippied with an awint sere leg from my knee down to my ankle; the skin was entirely gens, and the desh was one mass of disease. Some physi-cians pronounced it incurable. It had dimin-ished about one-third the size of the other, and ished about our third the size of the other, and I was in a hopeless condition. After trying all hinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Curriona Emminist, and the result was as follows: After three days I noticed a decided change for the better and at the end of two months I was completely cured.
