A NEW TERROR FOR THE OCCUPANTS OF OKLAHOMA TERRITORY.

A Man Suffering From Smallpox Among the Crowd at the Land Office at Guthrie Last Tuesday.

ARKANSAS CITY, Kans., April 27.—A smallpox epidemic now threatens Guthrie and other towns in the new territory of Oklahoma. The excitement caused by the knowledge of the brackish, poisonous waters of the river is not a circumstance to the fear that has seized upon the minds of the people in regard to this fell destroyer.

It seems that a man named Joseph Ellsworth, of Kansas City, more recently from Leadville, was taken ill Wednesday on his return from Guthrie and Oklahoma City, and is now quarantined at a house near the Santa Fe railroad shops. It is reported that this man stood in line at the land office at Guthrie for four hours while waiting to file his claim on Tuesday, thus exposing to an attack all those with whom he came in contact at that time. As the trains are crowded every day between Arkansas City, Guthrie, Oklahoma City and Purcell, the desease may have already spread to these towns. People who have heard of this case are anticipating an epidemic. The first outbreak will result in nearly depopulating these embryo cities in Oklahoma. Dr. Moore, of Arkansas City, who is in attendance on Ellsworth, says it is a genuine case of smallpox and people are excited over the matter, although the officials say they can undoubtedly keep it from spreading. They talk quite seriously of establishing quarantine on the Oklahoma region.
