Labor-Two are Acquitted. Monday Afternoon.—Upon the re-assem-ng of court at 200 o'clock, the trial of ac Craig and Washington Cole, for

argiary, was resumed.

The defense proved that they were at ome on the night of the burglary by innates of their houses, and they went on the tand and denied all knowledge of the atompt made to rob the Habeckers.

cleaded guilty to the burglary, testified that craig and Cole were not with them at Ha-ceker's and that they were induced by Constable Wittick to say at the hearing that the prisoners were with them by the in-dincement made by that officer that if they would swear that they were with them they would get off free and if they did not they would be sent to prison for nineteen

In rebuttal the commonwealth proved by Justice Evans and Constable Wittick that the statements made by Dorsey and Watson, at the hearing in the Habecker case, implicating the prisoners in the bur-giary, were made voluntarily and no inents, hope or reward were held out

VERDICTS TAKEN. A verdict of not guilty was taken in the case against Hiester Kleffer. He was charged with the paternity of Ellen Geiberling's child and since the case was returned to court he righted the wrong by marrying

the prosecutrix.

A similar disposition was made of several larceny cases against David P. Locher, Harry Hohman and Amos Dyer. These defendants were arrested for complicity in the Diller robberies, but there was not sufficient testimony to ask a jury to convict and on the motion of the district attorney, the shove disposition was made of the cases.

George Ammon was put on trial for assaulting with intent to kill Harry B. Laverty, and with carrying concealed weapons. The commonwealth proved that there was a gathering at the White Horse hotel, Salisbury township, after a fox chase on February 13. Laverty was engaged in a quarrel with a man named Harman at this hotel, and while so engaged Ammon, without any provocation, pulled a revolver from his pocket and discharged it at Laverty. The ball struck Laverty on the head, but glanced off and did not seriously injure him.

olver in his hand on that night, and while Leverty and Harman were quarrelling, he discharged a revolver in the air. It was claimed that Laverty received the cut on his head by being struck with a lath, in the hands of Harman. It was also shown that Ammon's reputation for peace, prior to this charge, was of the very best. There was no defense made as to the charge of carrying concealed deadly weapons. On trial.

Tuesday Morning—Court met at 9 o'clock and the Jury in the Cole and Craig burglary case rendered a verdict of not guilty. Geo. ed guilty to the offense, were each sen tenced to undergo an imprisonment of seven years in the Eastern pententiary. Dorsey got an additional three months for

David Dellinger was tried for stealing a coat from Frank B. Kendig. The theft was committed two years ago, after which Dellinger skipped out and was a fugitive. He returned to Lancaster as an employe of Barnum and was arrested by Constable

The defendant denied stealing the coat. He claimed that he bought the cont from Kendig, for whom he worked at that time. ARIC Al Welsh was charged with committing an assault and battery on Mary Steiger. She testified that on the 2d of April, when she went to the stable of Welsh and remonstrated with him for tearing off boards from that building which owned, he caught her by the arm and also choked her.

He denied choking her and said that the

stable was his by lease. When she came there and began cursing him he ordered her out, and when she refused to go he took her by the arm and led her out.

George W. Hensel, Eden, was appointed guardian of Job Snavely, of East Drumore township.

The annual conference of the Brethren in Christ (frequently known as River Brethren), which has just been held at Gormley, Markham county, Ont., hastaken action in regard to the amendment. It has said its members shall not in any case vote against the amendment, but has fully opened the way for all to vote for it. In explanation of this last condition it may be said that these people do not take any part in the administration of government, and while conference has not entirely forbidden its members to exercise the right of suffrage, those who voted have always been looked upon as being "not quite orthodox."

#### ON WEISE'S ISLAND.

How the Ex-Prison-Keeper Employed Himself During the Great Freshet. Capt. John P. Weise, the well.known ex-prison-keeper, had a thrilling experi ence during the flood on his island, which is situated in the Susquehanna at Shenk's Ferry. He remained at his home notwith standing the danger, and refused positively to come off upon any condition. On Sunday the high water made things very lively. It covered the island and rose to the step of the house. The growing crops wer almost entirely ruined, but the captain wil be amply paid for them by his great catch of logs, which will have to be redeemed by the owners. A great quantity of timber, o the finest kind, lodged on the island wher ands of dollars. Although not in dange at any time Captain Weise had a very lively time of it during the great rise. Or Sunday he succeeded in capturing eight cows and a horse, all of which were taken alive and are now on the island. Early in the day the cattle were seen on a rock about a mile above the island but the high water drove them off and they floated or swam down to Weise's island, where they were captured. The horse came down in the same way but no one knows where from, He became tangled up in a lot of trees and was finally rescued alive and well by Captain Weise. It is believed that the cattle came from the island opposite Safe Harbor, but it is remarkable how they escaped with their lives in the awful current.

### SAMUEL F. BECK INJURED.

He Is Struck By a Wall-His Leg Broken and Cut. About noon to-day a very serious accident happened to one of the laborers wh was employed on the new building of John F. Heinitsh, on North Queen street. Some days ago workmen began tearing down th south wall of the Russell building, which is next to Mr. Heinitsh's property, in orde that it might be rebuilt and made safer. The bricks had all been removed and today a force of men were engaged tearing down the stone foundation walls which were about eight or ten feet high. They had part of the wall down in the rear but nearly all of it was standing in the front. Among the workmen was Samuel F. Beck, a man who recently moved from the country to town, and lives at 551 Green street. He was engaged as a laborer and was picking out stone from the bottom of the cellar, right alongside of the wall. Suddenly the wall gave away and about forty feet of it fell into the cellar. Beck was unable to get away and the falling stones caught him. His fellow-workmen quickly ran to his assistance and soon got him out from the stones which covered his legs. He was quickly carried into Cochran's drug store and placed upon a cot. Drs. M. L. Davis, Baker, Frank Muhlenberg and Hyus attended him. They made an examination and found that his leg was broken in two places near the knee, and below there was a terrible cut in the calf which was over ten inches in length. The man seemed to be suffering great pain, and he was removed to his home in a wagon. Everything possible was done to make him comfortable, Beck is a poor man with a wife and family of children, and he had secured employment at this building but a short time before the accident oc curred. The affair caused much excitement and a large crowd gathered at the

A Good Cheap Show. The Circus Royal opened in McGrann's park vesterday afternoon and a good sized audience was present. In the evening all the ten cent seats were filled, but the reserved, for which an extra quarter was charged, were very vacant. The show is an old time one ring affair, but the people are given more than the worth of their money by far in the entertainment. The acrobatic and trapeze performance was first-class and there were many other good features. The threatening weather of last evening interfered with the show, which will no doubt be much better patronized
