Tis time to have a care;
Tis time to have a care;
With regulsh wile and cunning smile
Be sure he's lurking there.
Be sure it is his doing,
Though the eyes be black or blue;
But take it not as serieux,

Would you pay this merry youngster
For the many tricks he's played.
Would leave forforn and laugh to scorn
The traps the rogue has laid?
Then follow where he leads you,

To resp the spoils and skip the toils;
Take care what you're about.

Whatever else you do.

The economical use of ice depends upon the principle involved, the construction of the Re frigerator, and in utilizing all the cold air. MOTHERS READ.

cw Downing of Cranburg Township, Ve-County, gave his child one teaspoonthil penuine Dr. C. McLame's Calebrated Ver-, and she passed 177 worms. Next morn-repetition of the dose she passed 118

mifuge, and she passed 177 worms. Next morning on repetition of the dose she passed 118 more.

Japhet C. Allen, of Amboy, gave a dose of the gentime Dr. C. McLane's Celebrated Vermifuge to a child six years old, and it brought away 83 worms. He soon after gave another dose to the same child, which brought away 80 more, making isi worms in about 12 hours.

Mrs. Quigby, No. 182 Essen St., New York, writes us that she had a child which had been unwell for better than two months. She procured a bottle of the genuine Dr. C. McLane's Vermifuge and administered it. The child passed a large quantity of worms, and in a few days was as hearty as ever it had been. Parents with such testimony before them should not hesitate when there is any reason to suspect worms, and lose no time in administering the genuine Dr. C. McLane's Vermifuge. It never alis and is perfectly afte.

This is to certify that I was troubled with a tape worm for more than six months. I tried all the known remedies for this terrible affliction, but without being able to destroy it. I got a bottle of the genuine Dr. C. McLane's Vermifuge, prepared by Fleming Bros., Pittsburg, Pa., which I took according to directions; and the result was I discharged one large tape worm, measuring more than a yard, besides a number of small ones.
