HOW THEY DID IT LONG AGO. Grandma told me all about it,
Told me so I couldn't doubt it,
How she danced—my grandma dan
Long ago.
How she held her pretty head,
How her dainty skirt she spread,
How she turned her little toes—
Smiling little human rose!
Long ago.

Grandma's hair was bright and sunny Dimpled cheeks, too-ah, how funny! Really quite a pretty girl,

Long ago. Bless her! why she wears a cap, Grandma does, and takes a nap Every single day; and yet Grandma danced the minuet, Long ago,

Now she sits there, rocking, rocking, Always knitting grandpa's stocking (Every giri was taught to knit, Long ago); Yet her figure is so neat, And her way so staid and sweet, I can almost see her now, Bending to her partner's bow, Long ago.

Grandma says our modern jumping, Hopping, rushing, whirling bumping Would have shocked the gentler folk Long ago.
No—they moved with stately grace,

Slowly courtesying back again,

Modern ways are quite alarming, Grandma says; but boys were charming Girls and boys I mean, of course— Long ago. Bravely, modest, grandly shy— What if all of us should try

Just to feel like those who met With the minuet in fashion,

Should tell my grandchild of our dance,
I should really like to say,

Shoes Made of Leather Dust. From the Shoe and Leather Review.

It may have been noticed that nowadays very few old shoes and scraps of leather are observable lying in our street or dust heaps. This is in a great measure due to the collection of old scraps of leather, which are taken to mills, where they are cut up almost into fine dust. To this is added about 40 per cent, of India - rubber, and the whole is then subjected to a pressure of 6,000 or 10,000 pounds per square foot. The substance is then colored, and is sold at prices some 50 per cent, below that of natural leather. It is manifestly a very poor substitute, and it is om the Shoe and Leather Review. a very poor substitute, and it is y wanting in fibre; in fact, if it were whonly wanting in hore; in lact, it is were not for the insane craze for cheap articles, which buyers vainly hope to substitute for those which, though the original cost is greater, are yet in the end cheaper, we should never hear of this compound, which might almost as well be made of saw dust as leather dust.

The ailments which afflict the kidneys and bladder are so numerous, that merely to name them would fill a space far outrunning the limits of this article. Suffice it to say, that they are both obstinate and dangerous. To their prevention Hostetter's Stomach Bitters is well adapted. The stimulus which it lends to well adapted. The stimulus which it lends to the action of the kidneys when they are lethatgie, serve to counteract a tendency in them to lapse, first, into a state of pernicious inactivity, and afterwards into one of positive organic disease, which soon destroys their delicate integuments, poisons the blood and causes death. A double purpose is served by this depurent. It promotes activity of the kidneys, and expels impurities from the blood which have no natural channel of onliet, except these organs constipation, billousness, fever and ague, rheumatism and dyspepsia, are also remedies by this medicine of thorough action and wide scope.

MCLANE'S LIVER PILIA

THE GENUINE DR. C. McLANE'S LIVER PILLS!

Intemperance a Disease

When the celebrated Dr. Rush declared that drunkenness was a disease, he enunciated a truth which the experience and observation of medical men is every day confirming. The many apparently insane excesses of three who indulge in the use of spirituous liquors may thus be accounted for. The true sause of conduct, which is taken for infatuation, is very frequently a diseased state of the Liver. No organ in the human system when dersauged, produces a more frightful entailogue of diseased And if, instead of applying remedies to the manifestations of the disease, as is too often the case physicians would prescribe with a view to the original cause, fower deaths would result from diseases induced by a deranged state of the Liver. Three-fourths of the diseases enumerated under the head of Consumption have their seat in a diseased Liver. The genuine Br. C. McLane's Liver Pills, prepared by Fleaning Bross., Pittsburg, Pa., are a sure cure.

Mr. Jonathan Houghman, of West Union, Park Co., Illinois, writes to the proprietors, Fleming Brothers, of Pittsburg, Pa., that he had suffered from a severe and protracted gitack of fever and ague, and was completely restored to healthilby the use of the genuine Dr. C. McLane's Liver Pills alone. These Pills unquestionably possess great properties, and can be taken with decided advantage for many disease requiring in vigoraling remedies, but the Liver Pills stand pre-eminent as the means of restorning a disorganized liver to healthy action; hence the great celebrity they have attained.

Insist on having the genuine Dr. C. McLane's Liver Pills, prepared by Fleming Bross, Pittsburg, Pa. All druggists keep them. Price 25 cents a box.

Our little girl when but three weeks old broke out with eezema. We tried the prescription from several good doctors, but without any special benefit. We tried 8. 8. 8., and by the time one bottle was gone, her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a robust, healthy child, and heavy head of hair—a robust, healthy child, I feel it but my duty to make this statement.
