Her mother ran to her assistance and threw her into a tub of water, extinguishing the flames. HANDY WITH HIS REVOLVER. Negro Kills Two Men, Wounds Three and is Then Killed Himself.

A Negro Kills Two Men, Wounds Three, and is Then Killed Himself.

A bloody affray among negro gamblers occurred at Gate City, Ala., Sanday morning. Henry Nicholas, Jack Sannders, and Bob Dickson were killed, and three others were wounded, two of them seriously. A crowd were shooting crap in the woods. Henry Nicholls and Johnson White quarrelled over the game, and Nicholls shot White through the leg, indicting a dangerous wound. Nicholls fled, and the other gamblers organized a pursuing party to capture him. The party boarded a train for Birmingham, all of them well armed. At the next station Nicholls got aboard the train, and as he entered the door he caught sight of his pursuers. His revolver was in his hand and he opened fire at once, creating a panic on the train. Nicholls shot Jack Saunders through the head and Bob Dickson through the lungs, killing them before they could rise from their seats. Will Smith, one of the pursuing party, had a finger shot off, and Jack Chaney, a white brakeman on the train, was shot in the body and dangerously wounded.

His revolver was emptied by this time and Nicholls leaped from the moving train. At this the other negroes seemed to regain their nerve and, opening fire, they riddled Nicholls with balls and buckshot. He fell dead in his tracks, one side of his head having been torn off by a heavy charge of buckshot. All the negroes who had been engaged in the shooting, and who were not killed or wounded, jumped from the train and escaped. One of them robbed the body of a watch and coat.

The Coming Eclipse of the Sun.

The Coming Eclipse of the Sun.

Professor David P. Todd, of Amherst college observatory, has just received papers from the state department at Washington, appointing him chief of the expedition to observe the total eclipse of the sun, visible December 22 in Southwestern Africa.

Prof. Todd will be accompanied by a large staff of scientists and assistants, and intends to leave New York for his destination, St. Paul de Laonda, in the Pertuguese province of Angola, about October 1. He will have placed at his disposal one of the naval vessels. Besides the apparatus for investigating the nature of the sun's coruna furnished by Harvard, there will also be a large photographic telescope 40 feet long, that will be used to record the phases of the eclipse.

clipse.

The entire length of the eclipse will be a little more than two hours, and the total eclipse will give the observers a very fine view of the solar corona for somewhat more than two hours. It occurs at 3 p. m., when the sun is about 45 degrees high. Prof. Todd the sun is about 45 degrees high. Prof. Todd explained the situation where the eclipse will be best seen. It is about 125 miles inland, near Quansea river, and about 1,000 feet above sea level. The position as at the present determined is 14.47 east and 9.12 south. Prof. Todd has selected no one to accompany him except Dr. J. G. Holland, an eminent entomologist, of Pittsburg, Pa., who is to be the naturalist of the expedition.

Robbed of Twenty Thousand Dollars.

The boldest, most successful and most brutal highway robbery ever attempted in Minneapolis occurred in the glaring light of day last Tuesday morning and has just come to light. Henry Hage went there to be married. Tuesday morning Hage left the house for the purpose of getting shaved. He found no one at the shop and started homeward. Soon afterward he was accessed by a stranger, who told him he was a barber, and would take him to his home and shave him. Hage accompanied him, and they proceeded but a short distance when the newly-made acquaintance dashed a quantity of vitriol in Hage's face. Hage was then taken out in the woods by the robber and his accomplices.

After robbing him of about \$20,000 the brutes bound him hand and foot and tied him to a tree. Hage remained in the woods unconscious, bound and helpless for three days. Friday he succeeded in freeing himself and wandered home. He has not yet regained consciousness and may become permanently decaused. There is no clue Robbed of Twenty Thousand Dollars.
