OF INTEREST TO LADIES.

Superfluous Hair! Superfluous Hair! Superfluous Hair Superfluous Hair!

OF INTEREST TO LADIES. AN ESTABLISHMENT IN PHILADELPHIA where ladies can have Superfluous Hair permanently removed from the face by Electrolysis (the Electric Needle operation).

Dr. J. Von Dwek, Electro Surgeon, 40 North Eleventh street, Philadelphia, permanently destroys Superfluous Hair without pain, scar, sheek or trace, by the Electric Needle operation.

shock or trace, by the Electric Needle operation.

In answer to many letters from fashion and scientific journals and from ladies from all parts of the country, in reference to this operation. Dr. Van Dyck respectfully states that the Electric Needle process is endorsed by all physicians and surgeons of eminence as being the only method known to science by which superfluous hair can be destroyed. It is almost painless, causing a mere stinging sensation.

The needle is inserted painlessly into the folicie alongside of the hair, completely destroying the papaila of hair germ, so the hair can never grow again. Leaves no acar nor trace; never falls; length of time depends upon the number of hairs to be destroyed; the presence of the patient is required at the office.

Every lady with hair on her face knows that depilatories, heated wax, pumice stone, the tweezers, seissors or razor, only makes these hairs grow harsher, coarser, darker and more numerous.

umerous. Remember, ladies, this is a delicate surgical peration, and should never be performed ex-ept by a physician or surgeon, or under his

operation, and should never be performed except by a physician or surgeon, or under his care.

Dr. Van Dyck is a regular graduate of medicine and surgery; has practiced in Philadelphia for twenty years, and performed the electric needle operation for the first time thirteen years ago, having the honor of being the second physician in the world to perform this operation and the first to use it in Dermatological practice. Since then the demand for his services in this specially has become so great that he has given up all other practice and makes an exclusive speciality of Electro-Surgery and Dermatology.

No physician living to-day has written so many articles for fashion, literary or scientific journals on the subject as Dr. Van Dyck has, as an illustration of the universal interest taken in it, the Doctor has answered 9,000 letters in the iast three years from ladies from every part of the civilized world.

Every lady troubled with superfluous hair should consuit Dr. Van Dyck, and should read his book, which is mailed free to every one writing for it.

Superfluous hair is surprisingly prevalent. We see it in the drawing room, theatre, on the street, and wherever ladies congregate. At least 55 of every 100 ladies have more or less superfluous hair at some time during their lives. Remember this, no matter if you are 15 or 75, whether you have 20,000 or a few straggling hairs on your face, every one can be destroyed forever.

Don't hesitate to consult Dr. Van Dyck freely and with confidence. Rich or poor, young or old, he will examine your case cheerfully. No fees unless you are treated. Call at once. Office and operating rooms, 40 N. Eleventh street, Philadelphia. Hours, 9 to 5; Sunday, 10 to 3. Never falls. Advise free. Book free. Note—Birth marks, red nose, enlarged veins of the nose, clsts, cancers and tumors removed by Dr. Van Dyck. Terms to suit rich and poor. Send for book.
