SLIPPED THE NOOSE.

HORRIBLE SCENE AT A DOUBLE HANGING IN LOUISVILLE, KENTUCKY.

Charles Dilger Drops From the Trap With the Rope Over His Chin—Pulled Upon the Scaffold By the Bunglers.

LOUISVILLE, Ky., July 31.—Charles Dilger, the murderer of two police men last August, and Harry Smart, the murderer of Meisner Green and wife, were hanged at 6:05 this morning.

Both of the condemned men walked firmly to the scaffold. Father Nicholas read the service of the Catholic church. Both men were very pale during the reading of the service. At the conclusion of the service Smart and Dilger bade good-bye to all the turnkeys. They then took positions on the traps. Smart laughed as he stepped upon the fatal door. The rope was cut at 6:04 o'clock and both men shot down through the traps. Smart turned around and probably died instantly, but Dilger slipped through the noose, the rope catching him over the chin at the lower teeth. He was seemingly unhurt and was drawn up by the rope until his shoulders came through the trap, when the deputies took him by the arms and pulled him up upon the scaffold.

A new rope was brought into service, and when the noose was adjusted Dilger asked: "What's the matter?" On being told the rope had slipped its knot he said: "This shows I should not die."

He placed himself upon the trap the second time by making two hops. The trap was again sprung at 6:09 o'clock and he strangled to death.

The property committee in their report made the following recommendations: That proposals be asked for coal for schools for the ensuing school term; that the rooms in the institute and Cherry street buildings be whitewashed; that additional slate blackboards be placed in rooms in the primary department, as far as the finances will permit; that a few needed repairs be made to the furnace in the Cherry street building, and that seven new desks be placed in the high school building to accommodate the seventy-five pupils.

The text book committee reported progress in the matter of books given to the Shoch library by the late Col. Samuel Shoch.

Messrs. Taylor and May, committee appointed to relieve James A. Meyers, executor of the Shoch estate, from books reported, having attended to the same.

The secretary was instructed to have printed 250 cards containing the names of directors, teachers, etc.

Mr. Allison offered the following resolution, which was lost by a vote of 3 to 4.

Resolved, That the president select certain schools for each director and that they be placed under their control.

The repairs recommended in the property committee report was ordered to be done, the slate blackboard to be placed in these rooms where it was absolutely necessary.

It was determined to open the school term on the first Monday in September. The first week only one session will be held daily, owing to the fact that the general condition of the weather during that period is hot and sultry. The following bills were read and orders granted for their payment:

Arrangements have at last been made by a number of Columbians to remove the Wilson laundry machine works, now located in Philadelphia, to this place. The gentlemen have been negotiating with the Wilson company for several months and have finally made all the necessary arrangements for the removal of the plant. The patents and other papers were, after a thorough investigation, found to be all right, and the papers signed for the transfer of the property.

In a few days a meeting will be called of all those interested in the movement and a permanent organization will be made. The new industry will be located on Bridge street, at the entrance of Commerce, in the buildings now occupied by Jas. Perottett's machine shop and foundry. Both the buildings will be enlarged and remodeled so as to accommodate the new works.

The mechanical departments will be under the direct supervision of Messrs. Perottett and Wilson, both practical mechanics, the latter gentleman being the patentee of a number of pieces of laundry machinery turned out by the company.

All the machinery now used in the Philadelphia establishment will be removed to town a number of employes who have been with the concern for years will come with it. The machinists and apprentices now employed by Perottett will be employed by the new company.

The new works will give employment to fifty men. The work of removal will begin immediately and the improvements as soon as can be ascertained what is needed.

The Columbia centennial boom was not a fizzle by any means, as this is the third new industry located in Columbia since that celebration.

Battery C, Third United States artillery, under the command of Major Turnbull, passed through Columbia this morning shortly before ten o'clock en route for Mt. Gretna. The company is composed of 70 men dressed in white helmets and rubber coats, four pieces of artillery, four caissons four army wagons, and an army ambulance. They encamped last night as Stully Brook, seven miles back of Wrightsville and passed over the bridge, up Chestnut street and out of town towards their destination. They made a fine appearance and attracted much attention.

The second attempt to establish a bucket shop here has failed and the proprietor is wanted for jumping his board. About six weeks ago Dr. S. S. Johnson, accompanied by a telegraph operator, came here from Harrisburg and opened a stock broker's office in the Withers building, on Locust street. As far as can be ascertained the place was not patronized and proved to be a losing investment. Yesterday the doctor sold his office fixtures, paid his rent and quietly left the town, leaving Operator R. F. Lobb with a bill against him for $30 for salary and an unpaid board bill at the Franklin house. Proprietor Slade sued the doctor and his assistant before Squire Evans for the board, and the latter was arrested just as he was boarding the train. He appeared before Squire Evans and gave security for a further hearing. Officer Wittick went to Harrisburg this morning for the doctor.

Alex. R. Craig, son of Dr. Alex. Craig, has arrived at his majority. He received a handsome gold watch from his parents in honor of the event.

A four-month's-old child of Edward Deboss died yesterday, and was buried at 2 o'clock to-day. The child was sick since birth.

Displayed in Gergey's store window is one of the finest photographs ever taken of Columbia. The picture was taken by Photographer Baily, from a high point on Birch hill. The town, with the surrounding scenery, makes a handsome scene.

John S. Musser leaves town on Friday for the West.

Wilmer H. Righter, of Philadelphia, is visiting friends in town.

Messrs. John Westerman and John Warren went fishing near Washington yesterday and caught 18 fine bass.

The Shawnee fire company hold a ball in the armory on Saturday evening.

A Woman's Unfortunate Condition.

For some time past the wife of John Speidel, of Manor street, has been out of her mind, and yesterday her husband went before Alderman Hershey to do something towards having her placed in an asylum. About nine months ago the poor woman attempted to take her life by cutting her throat. She has not been getting any better, but, on the other other hand, is probably worse. Her husband and children are very much afraid of her, as she threatens to kill them as well as to burn the property. They are compelled to lock themselves in their rooms at night. The condition of the woman is known to her neighbors whose evidence, as well as that of the members of her family, will be taken by the alderman.

The Result of Striking a Mule.

Robert Brosius, 14 years old, son of Joshua Brosius, of Octoraro, was seriously hurt a few days ago. He was at work in the harvest field of Patrick Roney and struck a mule hitched to the mowing machine. The animal jumped forward suddenly and the knives of the machine came in contact with one of the boy's feet, badly cutting the tendons.

To Evade the Cigarette Law.

The law which prohibits the sale of cigarettes to boys under 16 years of age has gone into effect in Connecticut as well as in Pennsylvania. In the former state a sharp inventor has devised a machine into the slot of which the boy may drop a penny and out comes tumbling one or two cigarettes. The machines are to be placed outside of cigar stores, and as the dealer cannot watch everybody who patronizes him the boys may help themselves.

Burke Appeals in Vain.

At Winnipeg on Tuesday the full court gave judgment in the Martin Burke appeal, finding that there were no grounds for reversing the action of Judge Bair, who committed Burke for extradition. The prisoner therefore will be sent to Chicago as soon as the necessary order is received from Ottawa. The Chicago chief of police on Tuesday started for Winnipeg to superintend the work of bringing Burke and the witnesses, Carlson and Mortensen, back to Chicago.

Drunks Sent Out.

Thomas Grogan and John Smith, two drunks who were arrested by Constable Sam Shaub, were sent to jail for ten days each by Alderman Deen this morning.

Sprained Her Wrist.

Jennie Bransby, a little daughter of Wm. Bransby, of 423 Nevin street, fell in her father's yard and badly sprained her wrist yesterday.

A Little Girl Hurt.

A little daughter of Officer Boas while playing yesterday had a fall, in which she was quite severely injured.

Ho! For Mt. Gretna.

The Odd Fellows' Excursion to Mt. Gretna will take place to-morrow providing it is not raining in the morning; otherwise it will be postponed until further notice. Trains leave Pennsylvania R. R. depot at 7 a. m. and 1:15 p. m. The 1:15 train makes no stops. Tickets only 80c; Children under 12 years, 40c. Taylor's full orchestra and the Iroquois band will accompany the excursion. One of the features on the grounds will be the shooting tournament for the championship of Lancaster county. Go and enjoy yourselves.

Messrs. Raymond & Whitcomb's Yellowstone Park Tours.

The Yellowstone National Park tours, organized by Messrs. Raymond & Whitcomb, are among the choicest of their excursion undertakings, and are deservedly popular. They are planned for the purpose of making a very thorough sight-seeing round of that remarkable region, and ample time is afforded, so as to make the journey in easy stages, with restful halts by the way. This insures, not only unusual advantages in the way of sight-seeing, but time enough to do all—both sight-seeing and traveling—in a leisurely manner. The parties are limited in number, and this is another source of comfort. The second and last tour of the season is announced for September, a most delightful month for traveling. The party will leave Philadelphia, Monday, September 9. In connection with this trip there will be an added tour across the continent to the Pacific Northwest and California. An excursion direct to Southern California, and a series of trips to leading Eastern and Northern resorts are also advertised. Circulars descriptive of the various tours may be obtained of Raymond & Whitcomb, 111 South Ninth street, under the Continental Hotel, Philadelphia.

If you have trouble with your baking, this hot weather, you will perhaps discover that the trouble lies with your flour—provided you do not use Levan's Flour. OUR LOCAL WATERS ARE MORE PROLIFIC of bass than ever, and many are the novices caught their "first bass" this week. This contributes to great stimulation in tackle trade, and we have had a veritable "run" on Fishing Tackle. The big bargain lot of Rods are now in stock and moving rapidly. Three-jointed, full mounted, lance tip Bass Rod for $1. Reels from 20c up.

BOOTS AND SHOES.

EXCUSE US,

But it makes us smile at the claims made by some dealers. They give nearly everything at cost. They have no profit if you believe all they say, yet make money reasonably fast. Can you account for it? We are trying to give customers full value for their money and will not humbug them by claiming to sell below cost. We claim to have the best Shoe for men at $3.00 to be had anywhere, and will put it against all others. A fine bright Dongola Button for ladies at $2.00 and $2.25. We also have a tolerably full line of cheap shoes for men, women and children. Try us.
Respectfully Yours,
