## **ERBOSE** RAILROADERS. THER ARE ADNOVISHED WHEN THEY MOUT BORE THAN NECESSARY.

### A Device In Booth's Cigar Store Which Prevents the Visitors Exploding. The Ball Team to Go for Scalps.

COLUMBIA, Aug. 1 .- When the Pennsylin railroad employes, especially those ming over the read, are off duty they gregate in Mrs. Mary Booth's cigar re and spend their leisure moments re-ng their experiences and other affairs of al interest to railroad men. Sometimes an argument is indulged in which becautionally gets rather "high." A gentle reminder is necessary. In order to crush the occasional soaring of a local orator a unique device has been arranged in shape of a "jumping jack." This small admonr hangs from the ceiling as the centre post of the store with the string danglidg mack of a picture. Jack holds a small bell in each hand and "Oh! Quit" is printed on his breast. When the orator orates in a loud tone some one pulls the string and he "melts." The small device has the desired effect, and was a happy thought.

The Columbia ball team, under the management of Thomas Metzgar, will leave town on next Tuesday for a three-lay trip. Thile away they will play four games, one in Manheim, one in Lititz, and two in Lebanon with the crack Lebanon Grays. Lebanon with the crack Lebanon Grays. The following players will ac-company the home team: Kautz, Resh, Desch, Swingler, Rissinger, Crawford, Hollinger, Shultz, Wolfe and Levergood. This is the best ball team that Columbia can put up and it is expected they will do some good playing. About two months ago the Lebanon Grays gave the Columbia team a trouncing that they will recollect for a long while and they will work hard to return the compliment

on Saturday, August 10. ' The Ironsides and a strong team from Marietta will play ball on Saturday afternoon on Second and Chestnut streets. The battery for the home team will be Mutzabach and Levergood, and Shields and Me-Fadden will occupy the points for the visi-

Officer Wittick called upon Dr. S. S. Johnson, proprietor of the bucket shop, at his home in Harrisburg yesterday morning, and secured the amount of his unpaid bill and costs of the suit.

George Fisher was before Squire Hershey, yesterday, charged with assault by Mrs. Elizabeth Lillie, residing in South Fifth street. The case was dismissed.

Sarah Watson appeared before Squire Evans this morning and charged David Malson with being drunk and disorderly. After a rather stormy scene in the squire's office the case was dismissed. The parties are colored.

John Shanb was before Squire Solly charged with assault and battery by Howard Hogentogler. Shaub was held in \$100 bail for trial.

"Son " Holsinger, very prominent in police circles, was sued by " Mat " Malson for being drunk and disorlerly. Squire Solly discharged him on payment of costs,

In yesterday's report of the Columbia school board proceedings it was stated that the school term would begin on the first Monday in September. The statement was wrong. The school will not open until the and Monday, September 9th.

During the month of July the employees of the P. R. R. yards handled the following cars:

East Issue Trains.	Londed Cars, 46,100 12,134	Empty Cars. 261 35,721	Total 46,30 47,85
Total	55,234	35,982	94,210

This movement is an increase of 37,986 cars over the month of June, and an increase of 5,680 cars over the month of July of 1855

William B. Given and wife returned home last evening from their extended trip through the Northwest. This morning Mr. Given was found in his accusgreeted his many friends with his usual cheery smile. His jaunt has benefitted him, wonderfully and he related many pleasant incidents of the trip. Many old Columbians and others were met in the mr West and all are doing well.

named in honor of Supervisor C. W. Mayer, of Patterson, a former Columbian, whose kind offices in giving the camp per-mission to pitch their tents last year on his ground in Milford township are thus fit-tingly recognized.

Came Home to Be Arrested. William Campbell, who up till two months ago was a resident of Manhelm, was arago was a resident of Manheim, was ar-rested yesterday on the cars between Man-heim and Landisville. The allegation is that Campbell had been working at cigar-making in a shop rented by him of John Fritz. Fritz had a lot of tobacco stored in this building which Campbell worked into cigars and used for his own profit. A warrant was sworn before Squire Danner for his arrest, but about two months ago he eloped with a widow, left the neighbor-hood, and did not turn up again before Wednesday. He came to Manheim with the widow, and was about leaving the town when somebody communicated to Constable Kieffer that he had seen Camp-bell go toward the then leaving train. The onstable boarded the train, and after waiting a while saw Campbell come from the closet and took him into custody. Campbell has a wife who left him some time go on account of cruel treatment.

Reserved His Decision. Alderman Halbach heard the suit of the

eity of Lancaster against Henry M. Shreiner, on Wednesday afternoon. This suit is brought to recover \$32.90, expense to which the city was put in having debris removed from the site of the market oouses, which it was claimed Mr. Shreiner had to remove under the contract made when he purchased the old market houses. Mr. Shreiner in his defense claimed that he merely bought the market houses for John Evans. Mr. Evans claimed that he was delayed in getting possession of the market houses, and was not given time to remove the debris. He also claimed that the city refused to give him the backing stone and curbs at the market houses, to which he was entitled. The alderman reserved his decision.

### A Beat in Trouble Again.

W. W. Sanford, a young man who has succeeded in beating several different parties by false representations out of board and other things, is again in trouble. He secured board from Louisa Schaeffer by telling her that he was working for an in-surance company and had a lot of wages coming to him. This was found to be a lie and woman had him arrested. He had a hearing before Alderman McConomy this morning, and was committed in default of bail for trial at court. From the many times that Sanford has been written up in the papers it seems strange that people should allow him to catch them, but at Mrs. Schaeffer's he gave his name as Sourber. He is a sleek young rascal, but as soon as he gets out of one scrape he runs around with an air of in-jured imogenee for a time. Us is these jured innocence for a time. He is then laying pipes to catch some one else, and will always stand watching.

The Odd Fellows' Excursion Postponed. The heavy rain of last night and this morning caused a postponement of the Odd Fellows' excursion, which was to have been run to Mt. Gretna to-day. There was quite a crowd at the station at the time for the train to start, but, as it had been announced that there would be no excursion if the weather was bad, the great majority remained away. Had the weather been clear and everything favorable the excursion would have been the largest that left Lancaster this summer. The management had engaged forty-five cars. The time for the excursion will be announced in the near future.

Watches Delivered to Their Owner. The watches which were lost at the Highland house, Reading, on Monday were sent to Mayor Edgerley by Jacob Gasner, proprietor of the resort, yesterday. This morning they were identified by E. H. Keller, of Herr's jewelry store, as his property. He went on the excursion on Monday and carried the watches in the breast pocket of his fiannel shirt, from which they dropped.

Thinks Well of Lancaster.

Thinks Well of Lancaster. From a Reformed Mcs senger Editorial. We predict that the meeting of the society of ministers for rest and mutual edification at Lancaster during the month of August will turn out to be not only pleasant but profitable to all who may attend. The col-lege campus on the heights of Lancaster, with its cool breezes and its shady retreats, is just the place for a summer retreat. We know of few places that excel it in this re-spect. It has also an intellectual atmos-phore, and, with our younger ministers at least, many hallowed associations. The regular members will no doubt make out the week, others—all are invited guests The regular members will no doubt make out the week, others - all are invited guests -may tarry only for a day, but there are some who will wish to stay longer, and they are invited to do so. There is plenty of room for them in Harbaugh hal, and Lancaster has by far the largest and the best markets in the United States for a place of all size. This we think will be ad-mitted by all good judges.

His Attempt at Flattery.

From the Jackson Mississippian. Col. Stone got off a preity good thing on a delegate from one of the rural counties to the state convention, whom he met there for the first time. The colonel said: "I am glad to meet you. I have known your father for many years, but never had the pleasure of your acquaintance; I see that the son, however, is better looking than the father." "Look here, colonel," said the delegate, "you need not be flattering me up, for I am out and out for Barksdale for governor, although the old man is for you." "Why I simply find you better looking than your father, but I did not say you had half as much sense as he has," From the Jackson Mississippian. you had half as much sense as he has," returned the colonel. Those standing around roared with langhter, in which the delegate good-humoredly joined.

A Great Horse Swapper. Luke Crawford, of Thomaston, Ga., is the champion horse swapper of that place. He had one day three horses, altogether not worth \$200, and during the day traded fiftyfive times and quit with one horse, it being one of the same he started with. He also had as a result of the day's work \$350 in money, a bull and a buggy.

Terribly Gored by a Bull. STRASBURG, Aug. L-A fourteen-year-old on of Abram Herr, of this place, living with Benj. Mower, about two miles east of town, met with a very serious accident Wednesday morning. A ferocious bull. which he was driving, turned on him and knocked him down, goring him in the face in a terrible manner. Had it not been for timely assistance the boy would have been
