### BIDS SUBMITTED.

### THREE SQUARES ON DUKE STREET TO BE PAVED WITH ASPHALT BLOCKS.

Minden & Fritchey to Be Given the Contract For All the Work-Those Who Contested For Contracts.

The street committee met specially Monday evening and opened bids for the paving with asphalt blocks of Duke street, between Orange and Chestnut, Duke street brtween Wainut and Lemon, Duke street between Lemon and James, the diamond at Duke and Lemon streets, East Walnu street between North Queen and Christian and Grant street, between Duke and Lime, The following were the bids:

Hinden & Fritchey: Duke street from Orange to Chestnut, \$5,610; Walnut to Lemon, \$5,610; Lemon to James, \$5,610; diamond at Lemon street, \$678; Chestnut street, \$3,000; Grant street, \$2,323, or all the work for \$22,891.

J. G. Galbraith : Will pave either of the above squares at \$2.77 per square yard or \$2.73 if awarded all the work.

John W. Mentzer: Duke street, between Orange and Chestnut, \$5,991.96; between Walnut and Lemon, \$5,894.90; between Lemon and James, \$6,594,26; diamond at Lemon street, 8728.84; Chestnut street, \$3,813.50; Grant street, \$2,150.60, or all the work for \$24,470,36,

Thomas C. Wiley: Duke, from Orange to Chestnut, 85,827; between Walnut and Lemon, 85,794,20; between Lemon and James, \$5,950 80; diamond, \$710.10; Chestnut street, \$3,226,50 ; Grant street, \$2,435,40, or all the work for \$21,944.

The property owners on the south side of East Chestnut street refused to contribute towards the expense of paving with asphalt blocks and the paving of that street was abandoned. It was also decided not to pave East Grant street.

The committee will recommend to councils the paving of the three squares on North Duke street, providing the property owners of each square contribute \$1,500 and the street milway company \$250 for each square, the work not to be begun until that amount is subscribed and that the contract be swarded to Hinden & Fritchey, the lowest bidders.

The bids for the three squares and diamond are as follows: J. G. Galbraith, \$18,-484.92; Hinden & Fritchey, \$17,508; Oster & Bro., \$18,212.17; Thos. C. Wiley, \$18,-282,10, and John W. Mentzer, \$18,551.

The committee will also recommend to councils that the six squares, for which bids were opened last week, be macadamized and the contracts in each case be awarded to the lowest bidders.

The property owners on Duke street, be Orange and Chestnut, are now dissatisfied, and it is said will not contribute to the paving of their part of the thoroughfare. They agreed to subscribe their dollars if Mr. Galbraith was given the contract for laying the asphalt blocks, his work-a sample of it on North Christian streetsuiting them better than that of other paviors. Some of the citizens in the other two squares also desired to have Galbraith receive the contract. From conversations with several it appears that there will be difficulty in collecting the sums counted upon by the street committee.

The firm of Dye Brothers manage a large general store on the main street in Alle-gany, N. Y. The firm act as bankers for the farmers in that neighborhood, and was about to establish a state bank. When the store was opened Monday morning the large safe was found blown open and the contents strewn over the office floor. A hole had been drilled in the safe door, newder inserted and first bloke for powder inserted and fired, blowing the heavy doors from its hinges. The report was heard at about 2 a. m. by several persons, but was supposed to be the noise caused by passing trains on the railroad, and no attention was paid to it. Everything of value was taken by the burglars.

The loss cannot be correctly estimated at present, as the books are missing. The cash stolen amounts to about \$25,000. Some \$10,000 in United States bonds, denosited for safe keeping, and several thousand dollars of valuable papers, notes, mortgages, etc., the property of farmers and others, are gone also. ctc., the property of farmers and others, are gone also. A lot of gold jeweiry was also carried off. In fact a clean sweep was made by the robbers. No clue was left by which to discover the burgiars.

It is thought the thieves are a part of the large gang which infected that part of the country last fall and robbed several towns in the neighborhood, Allegany included, blowing open safes, robbing postofices and setting fire to buildings. The gang became so bold that the sheriff called out the military, and the villains were driven out of the country. Some familiar faces have been seen around Allegany and it is reported that a large gang of tramps, claiming to hail from Paterson, N. J., are encamped in the hills near Allegany. Some of them are supposed to be the burglars. A reward will be offered for the arrest of the robbers and the recovery of the valuable papers.

Baptiste Peynaud Performs Ills Fete Like Rotting Off a Log.

Nearly 2,000 spectators watched Prof.
Baptiste Peynaud jump from a tower 150
feet high into a not a few feet above the
water at Rocksway Beach, on Monday It was advertised that he would jump at

2 o'clock and again at 4:30 o'clock in the afternoon, but owing to a delay in the completion of the tower it was nearly 6 o'clock when he appeared. The tower is about twenty feet square at the base and five or six feet square at the top. The top is a plat-form guarded by a wooden rail. There is an opening in the railing on the side where the net is wide enough for a man to stand in. The net is stretched horizontally from the side of the tower to two poles in the water. When the athlete appeared the crowd applauded, Monsteur Peynand is dark complexioned and has a long, flowing meantache. He Monsieur Peynaud is dark complexioned and has a long, flowing moustache. He wore a pink suit of tights. While he was ng to the top of the tower on a ladder ike attachment on the outside his manager mounted a platform and made a speech about Peynaud's former jumps. When the jumper reached the top be quickly stepped to the opening in the railing, grasped the rail firmly with each hand and looked about him. A big shout went up from the crowd and he bowed.

His manager asked him in French whether everything looked well from above, and he answered yes. Then he planted his feet firmly on the edge of the platform, put the paims of his hands together above his head, and bent forward in the attitude of a man diving into water. He balanced himself on the very edge of the platform for an instant, and then he straightened himself out in the air horizon ally, and shot downward head foremost. He fell like an arrow a distance of fifty or a xty feet, when his body slowly described down on his feet in the net, and came down on his feet in the net, while the crowd yelled and a lot of steam launches blew strill whistles. He was immediately taken to the hotel

by his friends, but he soon reappeared. Somebody asked him how he felt in the air. He replied, "Zat ees my trade. I do it like you roll off ze log,"

He will make the same jump twice a day for the rest of the week.

So far as the public knows, the bride has since heard methods for some St. since heard nothing from St. John. It was learned that he bearded a west-bound train on the Eric read on the day set for the wedding, and that he had previously raised several hundred dollars by selling or mortgaging his stable. THE BOSTON IN TROUBLE AGAIN. She Collides With the Venerable Ver-mont While Making Her Dock.

The United States cruiser Boston, which an on a rock at Rose Island, near Newport, on Saturday and tore a hole in her bottom, returned to the Brooklyn navy yard Monday evening and signalized her advent by smashing into the stern of the receiving ship Vermont, tearing away the rail of that veteran craft and scratching all the paint off her own sides.

When the Boston reached the yard, sev-

eral of the tugs were made fast to her and attempted to swing her into position at the main dock, where the Puritan is also lying. In order to swing the vessel into position, it was necessary to turn the edge of the cob dock, where the Vermont is moored. 'aptain O'Kane either miscalculated the I stance or the force of the tide, for in-t w1 of clearing the cob dock the Bost in rashed into the stern of the Vermon The tags immediately put about and puffed and struggled to clear the Boston, and finally succeeded, with the help of the sailors who pushed against the side of the cruiser. After an hour of very hard work the erratic man-of-war was safely docked.

Captain O'Kane said that the hele in the bottom of the Bostom was partially repaired before the ship left Newport. The trip was made without special incident and in fair time, the Bostom making but little water. A force of men will be set to work to day to retain the day to start the day are to work. to-day to repair the damage done to the Vermont by the collision.

# Ladies' Turn Shoes

Of these admirable and very desirable shapes of shoes we have quite a number of different makes, medium grades and very fine. To tell of the merits of Turn Sole Shoes is not to tell anything that's new to Ladies who have worn them, but to those who have not and who are not familiar with them a description, perhaps, will not be out of place. The up-pers are made of light and very pliable eathers. Have pump or slipper soles, extra light and flexible, yielding readily to every action of the foot. Are made without inner soles; there's but one thickness of leather only. This makes as handsome a shore a constant. haps, will not be out of place. The as haudsome a shoe as one can wish for, and there are few shapes that give so much ease and comfort in wearing as do these. Made over correct shaped lasts, these. Made over correct shaped hasis, they fit the foot as a glove does the hand and are easily "broken in" the first time they are worn, with little hurt, however sensitive the foot. Each pair shows an amount of care in its finish no often equalled, and a superior quality of workmanship deserving of praise. Taste-ful in design, graceful in appearance, shoes that ladies may take pride in wearing. Fine, thin, light, specially adapted for fine dress and positive ease and comfort in wearing. Are not recomand comfort in wearing. Are not recommended for rough usage.
