Fit the foot snugly and comfortably, and are real bargains at the price. You've but to see them to know that you've paid more member for sheep price. You've but to see them to know that you've paid more money for shoes not so good. Both makes are button the one having prettily finished grain uppers, the other bright kid, the former common sense toe, the latter opera toe style. Do we have a reader with a Miss in the household whom sizes 11 or 111 will fit? Of these we've handsomely will fit? Of these we've handsomely shaped shoes, real excellent grades, not a make-believe piece of leather used in their making from heel to toe, which we'll sell cheap. Were \$1.50, \$1.75 and \$2. For the foot they'll fit, the price to the buyer is cut to \$1. Give this thought if you've a 11 or 113 Miss' shoe to buy to-day. A good assortment to select from, in different leathers.

We are going to clear up our Black Si!k Stock. To do it quickly we have marked all our \$1.75, \$1.30 and \$1.25 Black Siiks to the uniform price of \$1 a yard. This may not seem a likely story, but we can demonstrate its truthfulness if you will give us the chance. No use in telling you the reason. The Bargains are here; come and see them.

A BLACK GOODS OPPORTUNITY.

We have gone through our Black Goods Department and culled out all the short lengths containing from 1 to 12 yards.
