any size between. Never mind who makes them ; they're good solid leather Boots—nothing else ; kinds that bring us no grumblers. For that reason the biggest share of the Boot trade in Lancaster is done here. We've seen noth-ing this season worth our handling for less than \$2. At that price the best Boot in the town is here. Strong and substantially made, leathers of excellent tannage, with good reliable counters, not better in highest grades. A Boot without substantial counters is not worth your buying. A grade higher costs \$2.25; lighter in weight, very strong for wear. Never have any complaints as to the goodness of them. Our \$2.50 grade have double soles and taps, and are up to the top notch of excellence in every way you'll expect. At \$3 to \$4.50 we've other makes to select from-the best that's made. No cheap cutsthe best of the skin for uppers, the best of the hide for soles and counters. Sure to recommend themselves to the shrewd-est buyers. Boy's and children's wants in Boots have not been overlooked. Cheap grades for slim wallets and economical buyers, and better and best kinds for the many whom we meet looking for them. Good leathers, good boot-making. Boy's and children's re-quirements must be that way to be sat-isfactory. SHAUB & BURNS,
