FROM AFAR. wind to bi The wind is blowing.
The stars are glowing.
So are thine eyes, my sovereign queen?
Up in the beaven the moon is riding.
Above the clouds she is gilding, gilding.
Gazing at thee, I ween.

Her lighths passing,
The clouds are massing,
The shadows reign supreme.
Thy love cludes me,
Thy glance deludes me,
Mocking, with eyes that dream.

Thou fair moon-malden,

ROBBED BY BUNCO SHARPS Nine Thousand Five Hundred Dollars

Lost by a Farmer.

Joel S. Ordway, aged 80, a well-to-do farmer residing near Concord, N. H., was robbed of \$9,500 Tuesday forenoon. For some time Mr. Ordway has had a farm for sale and on Monday a nice appearing man called on him for the alleged purpose of negotiating for its purchase. After considerable talk the stranger left, promising to see Mr. Ordway again. Early Tuesday forenoon he drove into Mr. Ordway's yard and prevailed on him to drive to Concord, where the old man was induced to draw \$9,500 from the bank to prove to the prospective customer that he was a responsible man and able to support his title to the farm. They then started to drive back to the farm at London.

When a mile from that place they were joined by a young man who appeared to be acquainted with Mr. Ordway's companion. A game of cards was suggested, the team was stopped and Ordway's companion and the stranger began to play. The former soon lost \$10,000 apparently, and asked Ordway to loan him the \$9,500 to win the money back. Ordway refused, whereupon one of the men held a revolver to his head Lost by a Farmer.

money back. Ordway refused, whereupon one of the men held a revolver to his head while the other took the money. The robbers then drove away rapidly. Mr. Ordway walked to Loudon village and was brought to Concord and notified the police of his loss.

Very Risky Indeed.

To tamper with symptoms indicative of grow-ing kidney disorder; to neglect for a brief time needful stimulation of the renal organs when their inactivity points, as it always and unmis takably does, to their eventful permanent disease, is certainly very risky indeed. This is however, a risk that many persons perceptibly drifting into Bright's disease, diabetes, catarrh of the bladder, &c., constantly incur. So those who read, reflect and heed the lessons of recorded experience, the advisability of using Hostetter's Stomech Bittera as a diurctic, need scarcely more than a suggestion. No fact is more generally admitted by the medical promore generally admitted by the medical pro-fee-don and the public than its efficacy for the prevention of serious renal disease. The unmed-tacted excitants of commerce, no matter how pure, bear in mind, react projudicially upon the kidneys when inactive. The Bitters sub-dues malaria, constipation and rheumatism.

A Scrap of Paper Saves Her Life.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 149 pounds. Superfluous Hair! Superfluous Hair!

> Superfluous Hair | Superfluous Hair!

OF INTEREST TO LADIES. AN ESTABLISHMENT IN PHILADELPHIA where ladies can have Superfluous Hair permanently removed from the face by Electrolysis (the Electric Needle operation).

Dr. J. Van Dyck, Electro Surgeon, 40 North Eleventh street, Philadelphia, permanently destroys Superfluous Hair without pain, sear, shock or trace, by the Electric Needle operation.

shock or trace, by the Electric Needle operation.

In answer to many letters from fashion and
scientific journals and from ladies from all parts
of the country, in reference to this operation,
Dr. Van Dyck respectfully states that the Electric Needle process is endorsed by all physicians
and surgeons of eminence as being the only
method known to science by which superfluous
hair can be destroyed. It is almost pathless,
causing a mere stinging sensation.

The needle is inserted painlessly into the follicle alongside of the hair, completely destroying the papalls of hair germ, so the hair can
never grow again. Leaves no scar nor trace;
never fails; length of time depends upon the
number of hairs, be destroyed; the presence
of the patient is required at the office.
Every lady with hair on her face knows that
depilatories, heated wax, pumice stone, the
tweezers, scissors or razor, only makes these
hairs grow harsher, coarser, darker and more
numerous.

Remember, ladies, this is a delicate surgical

operation, and should never be performed except by a physician or surgeon, or under his care.

Dr. Van Dyck is a regular graduate of medicine and surgery; has practiced in Philadelphia for twenty years, and performed the electric needle operation for the first time thirteen years ago, having the honor of being the second physician in the world to perform this operation and the first to use it in Dermatological practice. Since then the demand for his services in this pecia ty has become so great that he has given up all other practice and makes an exclusive specialty of Electro-Surgery and Dermatology. No physician living to-day has written so many articles for fashion, literary or scientific journals on the subject as Dr. Van Dyck has. As an illustration of the universal interest taken in it, the Doctor has answered 9,000 letters in the last three years from hadies from every, part of the civilized world.

Every lady troubled with superfluous hair should consuit Dr. Van Dyck, and should read his book, which is mailed free to every one writing for it.

Superfluous hair is surprisingly prevalent. We see it in the drawing room, theatre, on the street, and wherever ladles congregate. At least 35 of every 100 ladies have more or less superfluous hair at some time during their lives. Remember this, no matter if you are 15 or 75, whether you have 20,000 or a few straggling hairs on your face, every one can be destroyed forever.

Don't hesitate to consult Dr. Van Dyck freely and with confidence. Rich or poor, young or old, he will examine your case cheeffully. No fees unless you are treated. Call at once. Be sure you are right, then go ahead. The last two seasons we had the reputation of selling the Best Flannels for the money in the city. This season wool is higher. To sell the same kind at same price as last season means we have to pay more for it. Last season our profits were small, and it means smaller profits this season. Those who bought our Medicated Red Twill Flannel at 25c last season know what a good article it was, some saving it was better than they saw at 35c, others said it was as good as they saw at 37c, although with the advance in the price of wool we will give you the same identical makes of Flannels at the same price you bought them of us last season, and we know when we say, you never bought as good Flannels in your life for the money, we know we are right. In all colors, Navy Blue, Grey, Red, Yellow or White, in plain or twill, in wool or half wool, you will find us the lowest. We do not occupy as much ground floor as some others do, our expenses are small and so are our profits. All-Wool Shrunk Skirting Flannels in striped, with or without borders, that will not shrink when you wash it, at \$1.50 per skirt, or you can buy by the yard as much as you like.
