SCARED BY A RED LIGHT.

A Lazy Engineer Cured of His Habit of Siceping While on Duty.

Prom the Chicago Heraid.

The recent railroad disasters on the Rock Island has recalled a number of stories regarding the carelessness of engineers and other men in the operating department of railroads. An old railroader was telling yesterday of the time when he used to be conductor of a freight train. It was his misfortune to have an abnormally lazy conductor of a freight train. It was his misfortune to have an abnormally lazy engineer, who would go to sleep on the slightest provocation. Whenever the train was side tracked to wait the passage of an express train, the engineer would lie down on his seat in the cab, prop his feet up against the boiler head and go fast asleep. He would remain that way until the noise of the flying express awoke him. Then he would yawn and prepare to pull out. The boys in the train crew did not like this.

"Why can't he stay awake and watch for signals as we do?" asked oue of them one night, as the long train was on a siding waiting for the arrival of "No. 6."

"Well, why don't you see that he keeps awake?" asked the oid railroader, who was in charge of the train.

awaker" asked the old railroader, who was in charge of the train.

"I will," said the brakeman.

With the assistance of the other boys he firmly set the brakes along the train and then hung a red lantern from the roof of the engine cab, so that it was hanging in front of the window just in front of the alumbaring energineer.

front of the window just in front of the slumbering engineer.

These preparations made he put his foot on the old-fishioned crank whistle and there was an awful shriek. The engineer jumped up and saw the red light. Confused for the moment he thought he was about to run into the rear end of another train, so he reversed his engine and jumped into the ditch, nearly breaking his neck. Of course the engine did not move a peg. The boys were all back in the way-car by this time, and when the sleepy engineer recovered himself and limped up out of the ditch he thought he must have been dreaming. However, he lost a year's growth and never went to sleep at his post after that. He was cured.

Marvelons qualities are attributed to the waters of a new artesian well at Spencer, Indiana. W. S. Johnson, of Spencer, has been bathing in the water for some time, and when the baths had been continued long enough to begin to have effect he observed much to his delight that a fine, thrifty growth of hair was springing up thickly all over a beld spot on his head. About the same time the white beard of W. T. Alverson began to change back to its original raven hue. Judge John C. Robinson, journal clerk of the national House of Representatives, who is a citizen of Spen-Representatives, who is a citizen of Spen-cer, is said to be among the persons bene-fitted by the marvelous water.

Breathing the Germs of Diseas Breathing the Germs of Disease.

To inhale the germs of disease with their daily breath is the fate of denizens of maiarlascourged localities everywhere. The endemic atmosphere polson may, however, be reft of its venom and rendered innoxious by a defensive use of Hostetter's Stomach Bitters. This preeminently safe and effective remedy and safeguard not only eradicates the disease when developed, but enables the system to safely brave its assaults. Every physical function is confirmed in or restored to regularity, the circulation quickened if singgish, and a billous habit,
which of itself begets a propeness to both in. tion quickened if sluggish, and a bilious habit, which of itself begets a proneness to both intermittent and remittent types of mainrial disease, where extrinsic atmospheric causes exist, powerfully counteracted by this inimitable fortifying and defensive agent, which has, moreover, none of the disagreeable characteristics of o drastic exthartic or an alkaloid. Fever and ague, dumb ague and ague cake, and the calculator of the Isthmus, are conquered by it surely, pleasantly. Rhenmatism, neuralgis, gout, kidney and bladder troubles, constipation and indigestion yield to it.

Physicians recommend Dr. Buli's Cough Syrup when all other medicines fail, as a cer-tain cure for bronchitis, sore throat, and coughs or colds of long standing. For sale by all drug-gists. 35 cents. gists. Seents.

"For there was never yet a philosopher that could endure the toothache patiently." Perhaps not—but there is little wit in enduring it at all, when one bottle of Salvation Oil will cure it.

THE most obstinate cases of catarra are cured by the use of Ely's Cream Baim, the only agree-able remedy. It is not a liquid or snuff, is easily applied into the nostrils. For cold in the head it is magical. It gives relief at once. Price 50

Sanford's Radical Cure for Catarrh.

RELIEF INSTANTANEOUS, CURE RAPID, RADICAL AND PERMANENT,

RADICAL AND PERMANENT.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sonse of smell, of taste, of sight, of hearing, the human voice, one or more, and sometimes all, yield to its destructive influence. The poison is distributed throughout the system, attacks every vital force, and in jures the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charletans, those suffering from it have little hope to be relieved. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell and taste, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

Sanford's Radical Cure for Catarrh

Sanford's Radical Cure for Catarrh

Consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and IN-PROVED INHALER, all in one package; price, \$1. Ask for SANFORD'S RADICAL CURE. Sold

TIGH & MARTIN.

China Hall **Cured by Cuticura** I am cured of a loathsome disease, ecasems, in its worst stage. I tried different doctors and been through the hospital, but all to no purpose. The disease covered my whole body from the top of my head to the soles of my feet. My hair all came out, leaving me a complete raw sore. After trying everything I heard of your Curreura Resentes, and after using three bottles of Curreura Resentes, and after using three bottles of Curreura Resentes, and after using three bottles of about 28. I would not be without the Curreura Resentes in my house, as I find them useful in many cases, and I think they are the only skin and blood medicines.

Burning and Itching

I was sick in the fall of ISS with a burning and liching so bud that in three weeks I was covered with a rash, and could not sleep nights or work days. Some doctors thought it might be salt rheum (eczema), and said they had never seen anything like it before. I received no help from any of them, or from any medicine that I could get hold of until I tried your Curtuura REMEDIES. After three weeks use I was able to work, and kept getting better, until I am now entirely cured. I recommend them to all suffering with skin diseases.

where ladies can have Superfluous Hair permanently removed from the face by Electrolysis
(the Electric Needle operation).

Cuspidores.

(the Electric Needle operation).
Dr. J. Van Dyck, Electro Surgeon, 40 North
Eleventh street, Philadelphia, permanently de-stroys Superfluous Hair without pain, scar, alnek or trace, by the Electric Needle opera-tion. Another sample line from the importer, and French China. allock or trace, by the Electric Needle operation.

In answer to many letters from fashion and
scientific journals and from ladies from all parts
of the country, in reference to this operation,
Dr. Van Dyck respectfully states that the Electric Needle process is endorsed by all physicians
and surgeons of entinence as being the only
method known to science by which superfluous
hair can be destroyed. It is almost painless,
causing a mere stinging sensation.

The needle is inserted painlessly into the follicle alongside of the hair, completely destroying the papatia of hair germ, so the hair can
never grow again. Leaves no scar nor trace;
never fails; length of time depends upon the
number of hairs to be destroyed; the presence
of the patient is required at the office.

Every lady with hair on her face knows that
depliatories, heated wax, pumice stone, the
tweezers, scissors or razor, only makes these
hairs grow harsher, coarser, darker and more
numerous.

Remember, ladies, this is a delicate surgical Bisque, and Terra Cotta go for

French China.

The large Circle Counter loaded down with new shapes, new ideas. Cracker Jars, operation, and should never be performed except by a physician or surgeon, or under his care.

Dr. Van Dyck is a regular graduate of medicine and surgery; has practiced in Philadelphia for twenty years, and performed the electric needle operation for the first time thirteen years ago, having the honor of being the second physician in the world to perform this operation and the first to use it in Dermatological practice. Since then the demand for his services in this pecia it has become so great that he has given up all other practice and makes an exclusive speciality of Electro-Surgery and Dermatology. No physician living to-day has written so many articles for fashlon, literary or scientific journals on the subject as Dr. Van Dyck has, as an illustration of the universal interest taken in it, be Doctor has answered 9,000 letters in the last three years from ladies from every part of the civilized world.

Every lady troubled with superfluous hair should consuit Dr. Van Dyck, and should read his book, which is mailed free to every one writing for it.

Superfluous hair is surprisingly prevalent, We see it in the drawing room, theatre, on the street, and wherever ladies congregate. At least 50 of every 100 ladies have more or less surerfluous hair at some time during their lives. Remember this, no matter if you are 15 or 75, whether you have 20,000 or a few straggling hairs on your face, every one can be destroyed forever.

Don't hesitate to consult Dr. Van Dyck freely Game Sets, Fish Sets, Salad Sets, After-Dinner Cups and Saucers.
