DUKE STRUET'S GRADE.

The City and Street Car Company Set-

tling Their Difficulties. There has been a difference of opinion between the street committee of city councompany in regard to the height of the latter's track on North Duke street, between James and Lemon, which square is being laid with asphalt blocks. The street committee claims that the track is too high by four inches at the southern end of the square and six 'inches at the northern end. To-day the street committee met ticorge K. Reed, S. S. High, C. A. Fon Dersmith, John A. Coyle and John H. Isaumgardner, representatives of the street car company, at Lemon and Duke dreets, for the purpose of amicably arranging the matter if possible. The street company said that they wanted the track lower in accordance with the city ordinance. After a great deal of talk, which became rather warm at times, the street car people finally agreed to put the track down under protest, leaving the question as to who is liable for the courts. cils and the Lancaster Street Railway Received Premiums.

Policeman.

It seems that even the members of the police force of this city are not free from the depredations of thieves, and last night one of them was considerable of a loser. Officer Levius Heis lives on North Mary street, and his family have been in York for some time past, so that when he is an duty the house is empty. Last night he was stationed on North Queen street until 10 o'clock, and between that and 11 o'clock he went to his home. He saw at once that the house had been entered by thieves. An examination showed that the back shutters had been forced open with a chisel, jimmy or some other instrument of the kind. The thief or thieves ransacked the house from top to bottom. They opened drawers from which they took their contents, upset boxes and looked into every nook and corner. At last they found \$45 in cash in a bureau drawer and this they carried off. They did not seem to want anything but money, as a lot of silverware was not touched. The thieves made their escape and there is no suspicion as to who they were. There is no doubt, however, that it was some one who knew of the absence of Mr. Heiss family from the city and that he was on duty down town.

Late on Saturday night two bottles of whisky and a lot of eigars were stolen from the Stock Yard hotel of Adam Snyder, on the New Holland pike.
