EDISON TALKS.

Mise Exciting European Trip—A New Invention—He is Not a Count.

When the steamer La Champagne entered New York harbor on Sunday, a yacht wont out to her. The Heraid has the following: Some one shouted, "Three cheers and a tiger for 'Count' Edison I'. As the cheers subsided Mr. Edison and his wife were both seen to be laughing heartily, and this caused much astonishment until he explained to his friends that the story that King Humbert of Italy had made him 1: "count" was a hoax. "I come back de strated with the red ribbon of the Legion of Honor of France, though," said Mr. Edison. "I was made commander, the highest title they confer on a foreigner. I have attended more dinners since I left these shores than in my whole previous existence. I haven't had time to think hardly since I landed in Europe. My mind has been in a constant whirf. The Paris Exposition is simply bewildering! It is grand! Immense! If the Americans hope to surpass it they will have to get to work and never loiter. Every aort of electrical device was exhibited, he said, at the exposition, but there was really nothing that he could say was new to this country. He had twenty-five phonographs talking, playing and singing constantly. They fairly set the French people wild with enthusiasm. I am studying on a device for a telephone, so that you can see the man you are talking to. I am almost saire I can make it a scientific success, but I doubt if it will ever be a commercial success, of course, I won't bother with. The scientific men abroad were greatly surprised that I was not more of a scientist, in the higher sense of the phrase. They could not u c derstand that I am between the scientific men abroad were greatly surprised that I was not more of a scientist, in the higher sense of the phrase. They could not u c derstand that I am between the scientific men abroad were greatly surprised that I was not more of a scientist, in the higher sense of the phrase. They could not u c derstand that I am between the scientific man and the public. At Heidelb His Exciting European Trip—A New In-vention—He is Not a Count. phonograph in German. It brought down the house. Every word of it was delivered in such clear tones that it could be heard out of doors. The people go to bed in that town at ten o'clock, but that night we were making things hum at three," Professor Hertz, of Baden Baden, Mr. Edison said, was the deepest electrical scientist he had encountered in his travels. He thought that from experiments the professor was making he experiments the professor was making he was on a fair road to discover just what

electricity is.

"All the foreign cities are ahead of New York in electric lighting. At Deptford, in Germany, I went to see the great ten thous-and horse power dynamo in operation. The Grand Opera and all other theatres in Paris are lighted by electricity and no gas is allowed in them." Unjust Taxation.

It is unjust to tax the stomach with burthens that it cannot bear. Many silly people thus tyrannize that faithful servitor until it rebels and punishes them as they deserve. Dyspepsis is usually the child of gastronomic folly, but whether this or the natural associate of inherent cebleness from childhood, it is surely and pleasantly remediable with Hostetter's Stomach litters, the finest and most highly sanctione Bitters, the finest and most highly sanctioned gastric tonic in existence. As a result of the tone imparted to the stomach, and the increased activity of its digestive and assimilative action, insured by the persistent use of this benign invigorant, general stamina is augmented, the nerves strengthened and tranquilized, and a tendency to insomnia and hypochondriasis defeated. Billiousness, chills and fever, rheumatism and kidney troubles are conquered by this admirable medicine.

The torturing disease neuralgia is instantly relieved and rapidly cured by Salvation Oil.

Bev. Wn. H. Chapman, Pastor of M. E. Church, Georgetown, D. C., wrote us; Having had an opportunity to test the excellent qualities of Dr. Buil's Cough Syrup, I hesitate not to say, it is the best remedy I have ever used in my family. For croup and whooping cough it is a sure cure.

THE most obstinate cases of catarrn are cured by the use of Ely's Cream Balm, the only agree able remedy. It is not a liquid or snuff, is easily it is magical. It gives relief at once. Price 5

SICK HEADACHE

IN ITS NERVOUS, BILIOUS, OR CONGES Tive Forms.

This Remedy is the prescription of one of the leading physicians of Paris, France, and was used by him with unparalleled success for over thirty years, it was first given to the public as a proprietary medicine in 1878. Since which time it has found its way into almost every county on the face of the globe, and become a favorite remedy with thousands of the leading physicians. Medical societies have discussed its marvelous success at their annual conventions, and after their official chemists have analyzed it and found that it contained no opiates, bromides or other harmful ingredients, quietly placed it among their standard remedies.
