SPIRITED SUSINESS LETTER.

A story is told of a prominent Third rest clothing firm. Looking over their coke they discovered an account of long anding. "Write him a mucy letter," id the junior member to the bookkeeper. Yes, make it very strong," replied the mior. The bookkeeper followed instructions, and penned the following: "Your recount is past due. If you do not settle lithin 10 days we will draw on you at ght." This war was handed to the rest.

you think this is a smart letter? ked one of them.
"It is a business one," said the book "Well, I don't think so, replied the

"Give me your pen, and I'll show you the way to do it," and he proceeded to write the following:
"Who bought the goods? You."
"Who promised to pay for them. You."
"Who didn't do so? You."
"Who is a liar and a thief?" And, after signing the firm's name, he unded the effort chucklingly to the book-

A Castle in North Carolina.

Mr. George Vanderbilt, the youngest child of the late William II., says that he is going to build a French chateau of graystone, overlooking the beautiful valley of the French Broad river near Asheville, N. C. He is a lover of natural scenery and fine climate and became so impressed with the advantages of Asheville in these particulars that he has purchased a tract of about five thousand acres.

George Vanderbilt is a bachelor, about twenty-seven years old, tall and alight of figure and of dark hair and eyes. Although retiring in disposition he is an excellent conversationalist, being remarkably well read and thoroughly acquainted with all topics of the day. He cares nothing for society and is most happy when in his library. He lives with his mother, to whom he is devotedly attached. His legacy from his father was \$7,000,000, together with a library and many of the pictures in the Vanderbilt gallery.

Look be'ore you leap in business, and think before you swallow—in medicine; you know once for all that Laxador is preeminently the liver regulator and blood purifier of the day. Price 25 cents.

Buffer not disappointment by employing too many "curva;" but for the diseases of lufancy use Dr. Bull's Baby Syrup which never disappoints and costs only 25 cents a bottle. At all druggists.

Herculean Strength
Continually on the strain, or overtaxed at intervals, is far less desirable than ordinary vigor perpetuated by rational diet and exercise, and abstention from excess. Professional puglists and athletes rarely attain extreme old age. As and athletes rarely attain extreme old age. As ordinary vigor may be retained by a wise regard for sanitary living, and for the protection against disease which timely and judicious medication affords, so also it may be lost through prolonged sedentary labor, uninterrupted mental strain and foolish eating and drinking, the chief and most immediate sequence of all four being dyspepsis. For this condition thus, or in any way induced, and for its offspring, a failure of muscular and nerve power. Hostetter's Stomach Bitters is the primest and most genial of remedies. Not only indigestion, but loss of fiesh, appetite and sleep are remedied by it. Incipient maisria and rheumatism are banished, and kidney, bowel and liver complaint removed by it. oct21-28

RADICAL AND PERMANENT.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, one or more, and sometimes all, yield to its destructive influence. The poison is distributed throughout the system, attacks every vital force 'said injures the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assalled by quacks and charlatans, those suffering from it have little hope ular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Curk has won the hearty approval ct thousands. It is instantaneous in affording relief in all head coids, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell and taste, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.
