Sanford's Radical Cure for Catarrh. CURE BEGINS' FROM FIRST APPLICA-TION, AND IS RAPID, RADICAL, AND PERMANENT.

AND PERMANENT.

It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established, it eats into the very vitals, and renders life but a long-drawn breath of misery and disease, dulling the sense of hearing, trammelling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelops the bones, eating through the delicate coats and causing inflammation, sloughing, and other dangerous symptoms. Nothing short of total eradication will secure health to the patient, and all alleviatives are simply procrastinated sofferings. Sanforn's Rapical Cure (urk, by Inhabition and by Internal administration, rarely falls; even when the disease has made frightful inroads on delicate constitutions, hearing, smell, and taste have been recovered, and the disease thoroughly driven out.
