

Intelligencer. Published every day in the year, but Sunday, except on public holidays, and on the day following a public holiday. By mail five dollars a year in advance.

Political Liberty. The Democrats in the school board have acted very properly in refusing to take advantage of the accidental majority they had in the board through the death of Republican members.

Of course, Mr. Foraker refuses to believe that any cause opposed to bring about his defeat could secure a Democratic victory on national issues. He finds the strongest point against him to have been his feeling against the terms, and that no doubt was an important factor in the working out of the result.

A BUTCHER of Morrisville slaughtered himself on Thursday. He did it accidentally and in a way calculated to make any one who is a professional prize quite sick. He was a skillful butcher, but when he operated on himself he made a mess of it.

McKINNEY'S majority on Thursday was figured at 42,715, and still growing. It is some consolation that the mailed arm of Boss Quay could not reach over the ramparts of Virginia's Democracy as it has over Pennsylvania. The voters of this State may be and are resenting the term that is steadily fixing itself upon the commonwealth.

Disappointed. The New York Herald notes that whether or not General Mahone notes that Harrison who fell before a gun fired from the general's residence at Petersburg on election night, he certainly that day shot the Harrison who fell at Washington before the fire of the Virginia campaign.

What is Catarrh. Catarrh is an inflammation of the mucous membrane, and may affect the nose, throat, stomach, bowels or bladder. But catarrh of the head is the most common, often coming on so gradually that it has a firm hold before the nature of the trouble is suspected.

HOOD'S SARSAPARILLA. It is the remedy for this ever increasing malady. It attacks at once the source of the disease by purifying the blood, which is the cause of the disease, and by restoring the delicate passages of the membrane soothes and rebuilds the tissues, giving them tendency to health instead of disease, and ultimately curing the affection.

Stranger Than Siamese Twins. On Wednesday Mrs. Michael C. Fitzgerald, of 1,105 Broadway street, Wilmington, Del., gave birth to a child having two heads and two hearts and one pair of arms and two legs. The child died. Both heads were well formed and one rested upon each shoulder, and where the head should have been was simply a round covering of flesh. The child was no sex.
