in Ohio?

"There is a tendency there to strongly protest against Republican sumptuary legislation. The Democracy in Ohio went into the fight with aplendid candidates, and a sound Democratic platform upon which the people stood united against an administration marked by its arbitrary and extravagant measures and by state interference in local city matters. With the wise administration which may be expected by the young, able and active Democrati it is not unlikely that Chio, like Indiana, may pass into the list of states more probably Democratic than Republican. Although this is an 'off year' in Ohio, the vote polled is larger than that of the last gubernatorial elections. I believe it to be an indorsement of the methods of the Democratic national committee, which our enomies derided as 'an educational campaign.' They have learned where the end of that 'rainbow' is located, and the 'pots of gold' have been found in a number of states beside Ohio, where we have the governor, Legislature and a prospective United States senator.

"With the results in Virginia and Maryland we are especially pleased. All the power of the administration, in the way of patronge and federal interference, was brought to bear by the Republicans.

"It is a great victory, and is but another proof of the general Democratic tendency of the times."

A Madman's Deeds and Fate.

A sensational tragedyoccurred Wednesday night at Bayou Beouf Station, La. An unknown man on slight provocation attacked with a kuife and killed Melas Thibodoux and desperately wounded Neil Thibodoux, Leon Thibodoux, Frank Penniston and Josh Morrison. The first and the last named are thought to be fatally wounded. Leon Thibodoux shot at the murderer ones before being struck down. His pistol then clogged. The murderer quietly rowed away in a bost, but was followed and killed. From the shore of the bayou he cursed and mocked his pursuers. He is thought to have been insane. His body sank to the bottom as he fell out of the skiff when he was shot. Those attacked by him were cut down one at a time, as they rushed forward singly to aid the others. A Madman's Deeds and Fate

The Fruit of Violence.

In no case is the folly of violence in medication more conspicuously shown by its fruit than in the effect upon the intestines of excessions.

sive purgation. The stomach and howels are first painfully griped, then the latter is copiously, auddenly and repeatedly evacuated. This is far beyond the necessities of the case, most unbeyond the necessities of the case, most unatural, excessively debilitating. The organs are incapacitated from resuming their function with normal moderation. An astringent is resorted to which reduces them to their former condition of inaction. To this monstrous and harmful absurdity, Hostotter's Stomach Bitters is the happy alternative. It relaxes gently, naturally, sufficiently, it diverts bile from the blood into its proper channel, it insures healthful digestion and complete assimilation. It is a complete defense against malaria, and conquers rheumatism neuralgia, nervousness, kidney and biadder trouble.
