A STATE CONVENTION.

LANCAUTER SCHOOL DIRECTORS WAKING AR-RANGEMENTS FOR THE MEETING.

Address to County Superintendents. Urging Them to Interest Directors na Legislators in the Movement.

At the meeting of the directors of the country districts of this county held early in October Chairman Bricker was authorised by a resolution passed to appoint a committee of ten to take the preliminary steps for the formation of a state directors convention. One of the means proposed is to petilion the Legislature for an appropriation to defray the necessary expenses of such convention.

The committee appointed met at the Franklin house, this city, this morning at 11 o'clock, with the following members present: E. H. Hershey, Gordonville; Jacob Gorgas, Ephrata; A. H. Helm, Providence; W. C. Frow, Paradise; H. A. Mowry, Marietta; E. B. Brubaker, Lexington; M. M. Herr, Lampeter.

H. A. Myers, of Flotin, I. G. Erb, of littz, and H. G. Rush, of New Danville, were absent.

The committee organized by the selection of Mr. Hershey as chairman, and Dr. Mowery as secretary.

A resolution was adopted providing for appointment of a committee of two to prepare a paper, embodying the object of this meeting, which is to be sent to the superintendent of schools in every county of the commonwealth. Messrs, Helm and Mowery were appointed as that committee, and an adjournment was had until 1 oclock, to give this committee time to prepare the paper.

At the atternoon's session of the com-

paper.
At the atternoon's session of the committee the following was agreed upon as the address to be sent to each county superintendent of schools:

the County Superintendents of the State Pennyikania:

At a convention of school directors of the county of Lancaster, held October 3, 1889, in the city of Lancaster, the propriety of urging upon the Legislature the matter of providing funds out of the state treasury for the purpose of holding a state convention of school directors made up of delegates from each county, for the discussion and adoption of the best methods to establish uniformity in school work and to promote the cause of common education and to defray the expenses of directors to and from such convention was thoroughly discussed.

After considerable deliberation the project was considered a good one and the step feasible, and a committee of ten appointed to prepare a circular and forward it to the county superintendents, urging them to co-operate with us in this good work, by using their influence with the various boards of directors in their respective counties.

We therefore as a committee most heartily enter into this work and ask you to pre-sent the scheme of this circular to the con-vention of school directors held in your county as well as to the different boards of school directors and ask them to draft suit-able resolutions and present them to the legislators of their respective districts for their careful consideration.

REFRIGERATOR THIEVES.

The Gang of Sneaks Who Enter People's Houses to Steal Entables.

Every winter the citizens of Lancaster are annoyed by gangs of sneak thieves who operate in different sections, and seem to bent upon finding something to eat that they can carry off. These plunderers have already begun their work, and on Monday night they operated largely in the western part of the city. From the manner in which they did business they were evidently very well acquainted with the different premises upon which they entered The robbers first went to the house of John Musselman, who lives at 420 World.

The robbers first went to the house of John Musselman, who lives at 439 West Chestnut street. The refrigerator was on the porch, and as it was unlocked the thieves helped themselves to all the catables it contained, carrying them off. They also stole an icepick with which they operated upon the refrigerator of E. E. Steigerwalt, who lives near Mr. Musselman. It was also on the porch but locked, and the thieves broke it open, taking five dozens of eggs, all the meat, sausage, milk, butter and other things. Harry L. Trout, another resident of the neighborhood, keeps his reresident of the neighborhood, keeps his re-frigator in the kitchen but the thieves were unable to open it after breaking into the house. They used some kind of an instru-ment and badly used it up, but got nothing for their pains. At the house of John De Haven, at the corner of Chestnut and Mary streets, they entered the cellar and stole everything they could find that was suit-able for the inner man.

A MILLER ASSIGNS.

Reported to be Rich, His Assignment Was a Great Surprise

John Graver, miller of Ephrata town-ship, made an assignment for the benefit of creditors late on Tuesday afternoon, to Jacob Horst, of the same township. The assignment was a great surprise, as Mr. Graver was reported to be one of the wealthiest men in that section of the

Mr. Graver's mill is assessed at \$13,000. He offered it at public sale a short time ago, and the highest bid for it was \$7.500. A few days ago he confessed indgment in favor of his daughter for \$2,565 and of the Ephrata National bank for \$1,850, and these were entered against him. They are the only lien debts against Mr. Graver. The supposition is that he has borrowed large sums of money on his note, and being unable to meet them assigned his property.

Roger II. Kirk's Funeral. The funeral of Roger H. Kirk, of Oxford, which took place on last Friday, was very largely attended. Addresses were made at the house by John Marshall, Rev. M. W. Jacobus, Rev. Dr. Bingham and prayer by Rev. E. Webb. The body was taken in a chartered car on the Peach Bottom rail-road, accompanied by some forty friends of the family, to Eldora Station, where carriages were waiting to carry them to Penn Hill Friends meeting house, where a large number of Lancaster county people had gathered. Here an appropriate address was delivered by Ann Clothier, of Phila-delphia, and the body was laid away in the family lot. The pall-bearers was low. family lot. The pall-bearers were Levi K. Brown, William T. Fulton, Benjamin C. Reynolds, Henry C.Wood, Samuel L. Mar-tindale and Ellis P. Passamore.

Assault and Battery Cases. If there is anything besides a chicken hat a darkey likes it is a lawsuit, and they would sacrifice even a good poultry meal to attend a case at court or an alderman's hearing. A pair of this kind are Tide Morgan and wife, who seem to think of little but "gittin law." Last evening Tide had a hearing before Alderman Spurrier on a chage of assault and battery preferred by his wife and after listening to the evidence the alderman concluded to hold the accused in bail for trial at court.

the accused in bail for trial at court.

Next came the hearing of Mrs. Morgan, who was charged with assault and battery on Lillie Freeland, the woman who is said to be an intimate of the attractive hod-carrier. The case was also returned to court by the alderman and the likelihood is that all will get a dose of costs at the end.

An Unprovoked Assault.

Benny Springer was arrested to-day for committing an unprovoked assault upon Godfrey Chambers, as he was returning from his work at the cotton mills last evening. The offense was committed at the corner of South Queen and Middle atrects. Alderman A. F. Donnelly will dispose of the case.

Struck In the Eve.

Samuel Shroad, son of Frederick Shroad, who lives on High street, met with an accident yesterday afternoon which might have lost him the sight of one of his eves. He was chopping wood when a stick flew up, striking him in the eye and causing a very ugly wound. Dr. Rohrer attended him.

Preacher's Triple Murders. C. A. Ross, a preacher, living near Locke-ford, Cal., early Tuesday morning shot and killed his wife, his 8-year-old son and himself. He was a Methodist preacher for averaly cars, but lately had been an itinerant Congregationalist, engaged in selling books. He had not lived happily with his wife, and they separated some time ago.

A TERRIBLE GUNNING ACCIDENT.

A York County Man Fatally Shoots Himself Near Milton Grove. A terrible gunning accident occurred on Tuesdayadernoon near the village of Milton Grove, in Mt. Joy township.

A man named Kapp, whose home is in Hanover, York county, arrived at Milton Grove several days ago to spend a little time gunning with his friends and rela-tives. Tuesday he started out and was very unfortunate. While walking through a field his gun was accidentally discharged in some mysterious way. The muzzle was pointed towards his body and the greater part of load entered his side, lodging in the neighborhood of his lungs. He was taken to the house of Frederick Oldweiler, which is near where the accident occurred, where

he is now lying.

Dr. A. C. Treichler, of Elizabethtown,
was sent for to attend the man aud he reports that he cannot recover.

He Was Very Drunk.

This afternoon a countryman, who is said to have made temperance speeches during the queer campaign last June, afforded much amusement to people in the neighborhood of Chestnut and North Queen streets. He was very drunk and staggering all over the street. Near the Robrer house a store box, with the lid off, stood. In walking by the man staggered and fell into the box. When he regained his feet he was unable to get out and there he sat for an hour or more. He finally managed to get out after much trouble and managed to get out after much trouble and when last seen he was standing on the street corner blind, although he did not have the card on that blind men usually

A Pastor's Surprise A Pastor's Surprise.

Last evening Rev. B. D. Albright, pastor of the Second Evangelical church, had a genuine surprise. He resides at 124 Charlotte street, and in the evening about seventy members of his congregation, who had met at the church, swept down upon him. They brought provisions of all kinds, dry goods and other useful things, and they took their good pastor and his family entirely by surprise. The evening was very pleasantly spent by everybody until the party adjourned at a reasonable hour. Mr. Albright left Lancaster thirteen years ago, after serving as pastor of the same ago, after serving as pastor of the same church. Since that time he has been sta-tioned at Allentown, Lehighton, Myers-town, Lititz and Reading, and he comes back to Lancaster to find the same kindly feeling existing among the people.
