Poor Humanity !

The common lot is one of sorrow say—at least —the pessimists, they who look at the worst side. Certainly what would otherwise be a bright existence, is often shadowed by some aliment that overhangs it like a pall, obscur-ing perpetually the radiance that else would light the path, Such an aliment, and a very common one is nervousees or in other words light the path, Buch an ailment, and a very common one, is nervousness, or in other words, weakness of the nervous system, a condition only irremediable where inefficient or improper means are taken to relieve it. The concurrent experience of nervous people who have per-sistently used Hostetter's Stomach Bitters is, that it conquers entirely supersensitiveness of the nerves, as well as diseases—so called—which are invited and sustained by their chronic weakness. As the nerves gain stamins from the great tonic the trouble disappears. Use the Bitters for malaria, rheumatism, biliousness and kidney troubles.

The usual treatment of catarrh is very un The usual treatment of catarrh is very un-satisfactory, as thousands of despairing patients can testify. A trustworthy medical writer asys: "Proper local treatment is positively necessary to success, but most of the remedies in general use by physicians afford but temporary benefit. A cure cannot be expected from snuffs, pow-ders, douches and washes." Ely's Cream Baim is a remedy which combines the important requisites of quick action, specific curative power with perfect safety and pleasantness to the patient.

Epoch. The transition from long, lingering and pain-ful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been at-tained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters.
