Raised \$55 Bushots of Corn on One Acre.

The most phenomenal yield of corn ever produced in America, has been awarded the prise of \$600 offered by the American Agriculturiat for the largest crop of shelled corn grown, on one acre in 1889.

The crop was within a fraction of 255 bushels, green weight, which shrunk to 230 bushels when kiln dried, and when chemically dried contained 217 bushels.

The South Carolina State Board of Agriculture doubled the prize, making the award \$1,700 in all. This crop was grown by Z. J. Drake, of Mariboro county, S. C. It is nearly twice as large as the greatest authenticated crop ever before reported. The \$600 awarded for the largest yield of wheat last year goes to Henry F. Burton, of Salt Lake City, Utah, for a yield of eighty bushels on one acre.

Waked Up Effectually.

A lethargic, dormant condition of the liver is hardly to be overcome with drastic esthartics and nauseous cholagogues. A gentler, pleasanter and far more effective means exists of arousing the organ when somnolent. This is Hostetter's Stomach Bitters, vouched for by the medical fraternity, tested by the public for many years. A resumption by the biliary organ of its secretive function, with the activity attendant upon health, a return to regularity of the bowels, and a renewal of digestion, are the no less happy and certain results of using the Bitters systematically. Its laxative effect is never painful and drenching, its tendency being rather to perpetuate regularity than to produce a copious action. Malaria, nervousness, debility, kidney troubles and neuralgia it subdues effectually.

15-22 Waked Up Effectually.

There is no such inexcusable folly as that of the simpleton who sits submissively down and languishes in the thraidom of dyspepsia when one box of Laxador will relieve him. At drug-gists. Don't say there is no help for catarrh, hay fever and cold in head, since thousands testify that Ely's Cream Balm has entirely cured them. It supersedes the dangerous use of liquids and snuffs. It is easily applied into the nostrils and gives relief at once. Pr ce 50c.

If so, go at once and get a bottle of Miss. WINSthe poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its 'clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermind and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she sleept all night and with one hottle has been miraculously cured. MADE HIS LIFE A BURDEN.

I have had scrouls until it made my life a burden. I was inexpressibly miscrable, sick, weak, sleepless, and unhappy; desiring that the short time which seemed to have been allotted to me on this certh would hasten to an end. I tried doctors' treatment and medicine, and travel, but none of these did any good, for the scrouls gradually grew worse. One physic clan, who I traveled far to see, and to whom I paid \$150, gave up the case as hopeless. I then gave up all other medicines, and took only Swift's Specific (S. S. S.) Four bottles of that medicine cured me, and for the past four years I have had as excellent health and I am as free from disease as anybody living."
