Columna, Jun. 22.—William Westenhafter, foreman of the stone quarries of
Haldeman, Grubb & Co. at Chickies, met his
death in a frightful manner this morning
at 80 o'clook. A charge of dynamite prematerely exploded and the full force of
the same was received by the foreman.
His bead was almost completely torn off,
the shall hanging by the akin of the neck.
One hand was torn off, and the man
was otherwise mangled. He is 50 years
of age, and leaves a large family in Mariotta, where he resided.

Westenheffer was blasting with both dynamite and giant powder. He first put a dynamite cartridge in the hole and placed the powder on top of it. The blast did not discharge at once, and when Westenheffer found that it was not going off went up to the hole. He begun taking out the tamping for the purpose of reloading when the explosion occurred with the above terrible result.

Thieves In a Store. Last night some time thisves broke into Miley's saddlery and harness store, No. 10s
North Queen street. They effected an
efficience through a window in the back
part of the shop. There is a pet cat about
the store and it is her habit upon being let out of the store to jump upon the sill of this window to get in. The person who last let her in in all probability forget to lock the window again. The articles stolen from the store were a dozen fine woolen blankets and one lap robe. These the thieves probably wrapped in shawl straps, as a bunch of those articles were found untied lying on the floor, and several of them were also missing. A large valise was also left on the floor where the thieves had probably placed it to load it with blankets or other articles. The belief is that the men who did the job were frightened in some manner. The goods that they stole were valued at about \$70. A reward of \$25 is offered for the apprehension

Want Premiums Returned.

M. Frantz and A. O. Newpher, counsel for the litigating parties, have filed a case stated in the suit of the New Holland Turnpike company against the Farmers' Mutual Insurance company of Lancaster County. On January 20, 1871, the company plaintiff insured their bridge over the logs crock with the defendant for 4;000, and paid all the premiums due on the policy of insurance until November 25, 1882, when the bridge was totally destroyed by fire. Defendants then refused to pay the insurance and suit was brought. The gment of the court for plaintiff for \$5,130 was reversed by the supreme court on the ground that the turnpike company had no insurable interest in the destroyed bridge, and were not, therefore, entitled to a very on the policy.

The parties agree that \$05.10 were paid in premiums on this policy, and the court is saked to enter judgment in that amount for the plaintiff, provided the latter are entitled to a recovery.

AMONG THE BEATHEN.

Boy. Schneder Training Japanese Sen-dal's Houses Made of Mud. The following is part of a letter received by a young man of this city: SENDAT, Japan, Dec. 23, 1889.

I am working now for these heathen people. Although I am far from home and country, yet I am much interested in the great work that is to be done here and am great work that is to be done here and am thankful that I have come here. My principal work is training up Japane young men to become preachers. We have twenty-five of them in our school

now and they are very earnest and studious.
But I also do much other work.
Mrs. Schneder and I have charge of two
large Sunday schools in different parts of the city—a city nearly twice as large as Lan-caster. The scholars study well and learn to aing quite nicely. They all have black hair, which is cut in a very funny style.

A Japanese city looks very strange. Most houses are built of mud, some being cov-ered with tiles and some with straw. Many of the houses have very pretty little yards in front of them, but these are shut in by high board or mud fences, so that one can not see them going along the street. Of course most houses are only one-story high. I wish I had time to tell you about the many other strange sights I see here. Your friend, D. B. SCHNEDER.

The Bible Society.

The annual meeting of the Bible society was held last evening in the Moravian church, on West Orange street. An elec-tion for officers resulted in the selection of the following : President, Rev. C. E. Haupt ; vice presidents, Revs. J. W. Meminger and C. L. Fry; secretary, D. C. Haverstick; treasurer, George K. Reed; execu-tive committee, Rev. Dr. J. M. Titzell, Rev. Dr. J. Max Hark, Rev. J. H. Esterline, D. W. Patterson and S. S. High.

The reports of the president and treasurer, showing the society to be in a very flour-ishing condition, were read and adopted. Sunday, February 9th, was fixed upon for holding the regular anniversary exercises, and every effort will be made to have every congregation in town take part in
