younger children—a girl of 8 and a little boy of 3.

Without cause and purely in response to a flondish impulse, the boy took his father's shotgun, approached the bed where the girl was playing with the baby, took sim and pulled the trigger, the load blowing the girl's head almost to pleces. He thon secured an axe and cut the baby's head off.

Hateful Blood Relations.

Hateful kindred are those sprung from the parent stem—malaria. They are chilis and fever, billous *remittent fever, dumb ague and ague cake. These foes to bodily peace are all blood relations, as there is no doubt that these endemic complaints are produced by contamination of the blood by the miasmata existent in both air and water in malarious regions. Hosteter's Stomach Bitters expels from the blood the virus with which miasma infects, but it does more than this, it neutralizes the atmospheric and acqueous poison and its germs ospheric and acqueous poison and its germs fore they have permanently fructified in the stem, and thus effectually protects against it e fierce inroads of this diabolic brotherhood diseases. Thus it is not only a remedy, but to a preventive, prompt in relieving, lasting effect, perfectly efficient. Nervousness, bil-sensess, dyspepsia and kidney trouble also coumb to it. 129-tof5

The effect of drastic purgatives is very ener vating and often followed by more or less prostration. What you want is a mild aperient and alterative, which are happily combined in Laxador. Laxador.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to prescribe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

A Scrap of Paper Saves Her Life. It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is 450 strong, healthy, rosy, plump, weighing 140 pounds. The fact that rheumatism is caused by accumulation of said in the blood, and the fact that food's factors. mulation of acid in the blood, and the fact that Hood's Barsaparilla has wonderful power in purifying the blood, explain the attecess of Hood's Barsaparilla in earing this disease.

Lingered Between Life and Death.

Mrs. Geo. P. Smoote, a highly cultivated and setimable lady of Prescott, Ark., writes under date of April 29, 1898; "During the summer of 1897 my eyes became inflamed, and my stomach and liver almost hopelessly disordered. Nothing I ate agreed with me. I took chronic diarrhoa, and for some time my life was despaired of by my family. The leading physicians of the country were consulted, and the medicines administered by them never did any permanent good, and I lingered between life and death, the later being preferable to the agonies I was enduring. In May, 1888, I became disgusted with physicians and their medicines. I dropped them all, and depended solely on Swift's Specific (8, 8, 8), a few bottles of which made me permanently well-well from then until now."

MADE HIS LIFE A BURDEN.

I have had scrofula until it made my life a burden. I was inexpressibly miserable, sick, weak, sleepless, and unhappy; desiring that the short time which seemed to have been allotted to me on this earth would hasten to an end. I tried doctors' treatment and medicine, and travel, but none of these did any good, for the scrofula sredually grew worse. One physician, who I traveled far to see, and to whom I paid \$150, gave up the case as hopeless. I then gave up all other medicines, and took only Swift's Specific (8. S. S.) Four bottles of that medicine cured me, and for the past four years I have had as excellent health and I am as free from disease as anybody living.
