Take Care! There is Danger Take Care! There is Danger
In silowing inactivity of the kidneys to grow
through neglect. The deadly shoals of Bright's
disease and diabetes will wreck the goodly
bark of health if it is allowed to drift rudderless
upon them. The bladder, too, if inactive, and
upon them. The bladder, too, if inactive, and
judicious medication does not speedily direct
the belm toward the path of safety, will be
whelmed by the quicksand of disease. In selecting a directle, let your choice fall upon Hostetter's Stomach Bitters, which stimulates the
renal organs without irritating and exciting
them, two effects to be apprehended from the
unmedicated stimuli largely resorted to. There
have a tendency to react projudicially. The Bithave a tendency to react projudicially. The Bitunmedicated stimuli largely resorted to. These have a tendency to react prejudicially. The Bitters invigorate the kidneys and bladder, in common with the nerves and the digestive organis, and so afford lasting aid. It also, affords dual assistance in preventing and curing intermittent and remittent fever. Biliousness, constipation and rheumatism it also subjugates.

ALL medical authorities agree that catarrh is no more nor less than an inflammation of the ilining membrane of the nasal air passages. Nasal catarrh and all catarrhal affections of the head are not diseases of the blood, and it is a serious mistake to treat them as such. No conscientious physician ever attempts to do so. It is held by eminent medical men that sooner or later a specific will be found for every disease from which humanity suffers. The facts justify us in assuming that for catarrh at least a positive cure already exists in Ely's Cream Balm.

Sanford's Radical Cure for Catarrh.

Cure Begins from First Application, a is Rapid, Radical, and Permanent.

It is the mucous membrane, that worderfu semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stroughold. Once established, teats into the very vitals, and renders life but a long-drawn breath of misery and disease, duiling the sense of hearing, trammeling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insiduously, by creeping on from a simple cold in the head, it assaults the membraneous lining and envelops the bones, eating through the delicate coats and causing inflammation, sloughing, and other dangerous symptoms. Nothing short of total eradication will secure health to the patient, and all alleviatives are simply procrastinated sufferings. SAN-FORD'S RADICAL CURE, by Inhalation and by Internal administration, rarely faits; even when the disease has made frightful inroads on delicate constitutions, hearing, smell, and taste have been recovered, and the disease thoroughly driven out.

Consists of one bottle of the RADICAL CURE one box of CATARRHAL SOLVENT, and one IM ROVED INHALEH, neetly wrapped in one pack age, with full directions; price, \$1. Sold every where. Where,
