Those in charge of the enterprise indignantly deny that there is any levying of contributions upon children, and say that it is a free-will offering, and that "the purpose of the project is to aid in educat-ing children in one of the best directions." It is said that Dr. Higbee died leaving an estate worth about ten thousand dollars, as he was was bimself very liberal and not ambitious for wealth.

A WELL-ENOWN CLERK GONE.

Reuben H. Linville, of No. 2 Cotton Mill Office, Dies of Gangrene.

Reuben H. Linville, an old resident of this city, died at his home, 22 West Orange street, this morning at 7 o'clock. He had been in ill health late in the summer, but recovered. About Christmas he was taken with a stoppage of blood in the main artery of one of his legs. This turned to gangrene, which caused his death. About fifty years ago he was run over by a wagon and had that leg injured. Sometimes he complained of pain in it, and that may have been the remote cause of his death.

Mr. Linville was 69 years old, and was

For over twenty years he was clerk and bookkeeper in the office of No. 2 cotton mill, a position for which he was fitted and which was admirably filled by him. He remained in the mill up to the time of his fatal illness and fully expected to recover and go back to his work. He was a member of Duke Street Methodist church and and upright Chris tian man. Conestoga Beneficial society. Stole a Lot of Food.

On Tuesday night thieves visited the premises of Benjamin Groff, jr., a farmer residing on the Philadelphia turnpike about three-quarters of a mile east of Witmer's bridge. They went to the spring house and broke off the lock of the door. They stole all the bread, pies and cakes that had been baked on Monday for the week. The door of the chicken coop was locked, but they succeeded in epening it by boring holes about the lock. They stole no chickens, but left a bag behind in the coop. Mr. Groff was awakened while the thieves were there. He looked out of the window and saw a man runnning away from the spring house. He thinks he had a com-panion. Had they not been frightened they would probably have helped themselves to the chickens. The thieves are believed to have been Lancaster men. A Nuisance.

People who live on Duke street, between Frederick and New streets, complain of a nuisance in that neighborhood. The filth from a number of houses on Frederick street is run out into the gutter of Duke street and thence to a sewer at New street. Sometimes the stench created is almost unbearable. Last evening was one o those times. People in the neighborhood were obliged to shut up their bouses entirely and could scarcely venture out. Complaint has been made to the constable of the ward, who therefore is aware of the nuisance, and the city authorities have all been applied to but all to no purpose. Cases of typhoid fever in the neighborhood have been traced to this nuisance.

For nine years past Messrs, Raymond & Whit-For nine years past Messrs. Raymond & Whit-comb have announced an annual series of spring tours through Colorado and California, and six years ago they added the wonderful pleturesque region of the Pacific Northwest to their western round of travel. These excursions differ from the winter trips, inasmuch as they are for a stated period, and are made purely for sight-seeing purposes. Both Colorado and Cali-fornia are visited at a season when they are most beautiful and attractive. The Yosemite valley is then accessible and the same is travalley is then accessible, and the same is true of the Yellowstone National Park, which is in-cluded in the Pacific Northwest tour. This takes in also the Mount Shasta region, the Col-umbia River, the Puget Sound, the "Mediter-ranean of the North." With the adoption of vestibuled trains and a dining-room service across the continent, these excursions are made much more enjoyable than they were origimuch more enjoyable than they were originally. For the coming season the litineraries of both trips have been considerably widened. The two excursion parties will leave Philadelphia on the same date—Monday, April 28. The Colorado and California tour will occupy 61 days, and the Colorado, California and Pacific Northwest excursion, 25 days. There are also Northwest excursion, 75 days. A Wonderful Cure.
William H. Peiffer, of North Codorns, was in
York Dispatch office this morning, and related
a wonderful cure of his little daughter 2½ years of age, who had been unable to walk on ac-count of weakness of the ankles. Two weeks ago to-day he obtained one of Dr. Hoke's Elecire Appliances and used it and to-day the child is walking all about the house. The first week of the use of the appliance Mr. Peiffer noticed an improvement in the child, but his delight and that of his wife knew no bounds when, this week, the child began to use its limbs and was about the house. It certainly is a remarkable cure in so short a time. This is the six-teenth child Dr. Hoke has made to walk brough his appliances.

The wife of a well-known Lancaster butcher had been suffering greatly, first with typhoid fever, which was subsequently followed by a severe attack of the grip, confining her to bed for ten weeks.
