work sake for an inc

A COMMUNICIAL traveller who has been selling barbed wire fencing in Brazil writes to the Philadelphia Press to post Northern manufacturers and merchants on the tricks of trade with South America and makes it very plain that if Americans want that business they must work for it. All the steamship lines that may be subsidized will not enable us to extend our commerce unless we can sell cheaper or better goods.

THE school committee of the Philadel-phia board of public education on Thurs-day gravely considered the suggestion that a training school for girls should be estab-lished in connection with the manual train-ing school for boys now in successful operation in that city.

operation in that city.

Miss Charlotte Pendleton, representing the Educational Society of Pennsylvania, appeared before the committee with a plan which astonished them. "The fair sex are to handle hammer, axe, asw and trowel and study the same trades and mechanical arts, with the exception of forging, as the boys of the manual training school. The new institution is to consist of a foundry, wood ahop, modeling room, a tinsmithing course, a drawing room and a chemical and physical laboratory. Miss Pendleton said that it would have a peculiar advantage in would have a peculiar advantage in it would have a peculiar advantage in house keeping were women to be taught the principles of the use of tools." Principal Sayre, of the boys training school, supported this novel idea, and a member remarked that all women are not wives, and some of those who are have not good husbands. Instructions of this kind seemed necessary. Superintendent MacAlister appears to have been awe-struck by the novelty of the suggestion and begged them to remember that they were discussing a department of education unknown to the world before, so the committee adjourned to think it over. To many this enterprise will appear hopeless, for the most intelli-gent women will use a chisel for a screw river, drive a screw like a nall, and open s merdine can with a hatchet

THE champion fish liar ought to surrender his medal to the "old timer," who tells of a great race by Indians. His story is published elsewhere.

Two Russian letter made public by George Kennan, and published to-day, presents with striking realism a national peculiarity of the Russians, their low Asiatic valuation of life. The hunger strike seems to people of the west a peculiarly upside down Chinese idea, and committing suicide by way of revenge upon one's enemies is certainly a Chinese notion. In this case, according to the letter, a large number of the political prisoners contemplated suicide on the mere announcement that they were to be treated as convicts. It must be remembered that these prisoners are regruited from the most intelligent are "Innihity educated portion of the population and many of them are not Nihilista, and yet they seem to be entirely without the religious acruples or the sense of responsibility which restrains western Europeans and Americans from self-murder.

Ma. BUTTERWORTH, of Ohlo, appears to be pretty effectually smothered by the ocracy, and so is wise enough to begin raining himself in the use of Democratic

A Pirmauno dispatch tells of "a party of befooled and befuddled Swedes and Hungarians" who passed through that city on their way to Kansas, where European immigration agents had led them to expect free gifts of houses and land. As they had all been shipped from Stockholm it may be doubted whether there were any Hungarians among them, but it seems to be the custom to assume that immigrants who peak any particular strange tongue are Hungarians. These miserable foreigners had not a cent among them and are sure to have a hard time in the West. Our consu-lar service might be used to counteract the ious work of immigration agents who mislead so many immigrants by wild stories of America and send over a class of oreigners we are not at all in need of.

G. Rupus Boyd, son of H. C. Boyd, merchant of Manheim, has been elected teller of the Manheim National bank.

DR. Tobras J. Reiff, aged 55, brother of C. J. Reiff, Manheim, died at his home in Carliale, Ark., recently. He moved West in 1866.

West in 1806.

HENRY EICHELBERGER, who died in Hanover, York county, leaves \$10,000 to the boards of home and foreign missions of the Evangelical Lutheran church; \$5,000 to the board of church extension of the Evangelical Lutheran church, and the interest of \$2,000 to be paid the poor of Hanover annually.

over annually.

EZRA L. STEVENS, of Washington, D. C., died in Asbury Park on Thursday of heart failure. He was for nearly thirty years chief clerk of the Indian department. He originated the present system of schools for Indians. Mr. Stevens was one of the most prominent Free Masons in this country. He has risen to the thirty-third degree. He was the founder of Columbia Commandery No. 2, Knights Templar, of Washington. It is said that he sat in Masonic lodges with more presidents of the United States than any Mason now living. His son, Durham W. Stevens, is secretary to the Japanese legation.

William Bucknell, whose liberal con-

WILLIAM BUCKNELL, whose liberal contributions to the University of Lewisburg influenced the management to change the name to Bucknell University, died on Wednesday at his home in Philadelphia. Mr. Bucknell was born in 1811, on his brother's farm, near Marcus Hook, in Delaware county, Pa. He followed farming until he became of age, when he went to Philadelphia and learned wood carving. He afterwards engaged in engineering and mechanical building generally and constructed numerous extensive industrial works. As he made money in this direction he invested it in real estate from which he has realized enormous profit. He was always a liberal giver; all of the churches, educational institutions and charities, irrespective of sect or creed, were from time to time remembered.

A PRICE ON THEIR HEADS.

Hundreds of Men Searching for Two Black Desperadoes.

Hundreds of determined men, white and black, are searching the mountains and in the lonely valleys around Bromwell, W. Va., and when the quarry is at last brought to buy the climax will be desperate and dramatic.

to bay the climax will be desperate and dramatic.
Charles Debney and Wetherford Irving, negro murderers, are the object of the hunt, and they have determined never to be brought in alive. Both are heavily armed and can shoot quick and straight.
Possessed of pure fiendishness, the two men on Saturday asserted that they were on the warpath, and declared their intention to kill Jesse Stanton. Stanton was an inoffensive old negro, living on Mill creek. Before the sun set that day he was a corpse. The desperadoes had kept their word. On

to be Dabrey, but the captive was recognized as Oscar Fulks, who killed a man in Clinch Valley about four months ago. He had been arrested, but succeeded in breaking jail. He was at once taken to Jeffersonville to scape lynching, as the feeling in Bromwell is very strong.

A thousand dollars reward has been offered by the citisens for the arrest of Dabrey and Irving. They were last seen going through the woods along the Chesapeake & Ohlo in the direction of Hinton. Nothing as yet has been heard from the man-hunters, on the account of the general prostration encompassed by the storm. The wires are nearly all down. Blasstone river has overflowed its banks and six rallined bridges have been washed away within four miles of Bromwell. By the freshet in four miles of Bromwell. By the freshet of employment for from two to three weeks and many of these men are engaged in the hunt for the two desperadoes. If taken allive they will be immediately lynched.

A Coal Vein in Berks County.

Contractor Aherns, of Reading, who is engaged in making excavations for a large reservoir for the Windsor Water company three miles east of Hamburg, Berks county, discovered a small voin of anthractic coal. While the geological formation is contrary to the strata of rock usually found in coal producing territory, yet the specimens, by their free-burning quality, demonstrated that the genuine article really exists in Northern Berks county. Philadelphia and New York capitalists are negotiating for the land.

A great many remedies are advertised to bring them before the public, who decides whether the article is good or bad. The good reputation which Dr. Holl's Baby Syrup enjoys is a standing guarantee of its merits. Frice only 25 cents.

Laxador is the sovereign remedy for dyspepsia and all digestive disorders. Frice 25 cents a package. For sale by all druggists.

As an ounce of prevention is better, they say Than a pound of the best sort of ours, Let us all keep our teeth and our gums from decay,
And our mouth and our breath fresh and pure
For a bottle of SOZODONT'S all we require,
To speedily realize all we desire.

"Don't Hurry, Gentlemen Said a man on his way to be hanged, "there'll be no fun till I get there." We say to the dys-peptic. nervous, and debilitated, dou't hurry thoughtlessly for some remedy of doubtful merit, uncertain of relief, when you can get at the druggists for one dollar Hurdock Blood Bit-sers almost sure to cure and certain to benefit.

Woman's Smiles and Woman's Tear Woman's Smiles and Woman's Tears.
One to enliven, the other to soften the heart of mankind. An old bachelor once said women were either "all smiles or all tears;" but this cannot be true, for what would there be "twist a tear or a smile." Woman have enough to bear to make them "all tears" and enough to hope for to make them "all smiles." When afflicted with nervousness, "female weakness," sick headache, and the numerous diseases peculiar to their sex is necessity for contemplation and for "tears," but when they consider that there is a sure remedy in Dr. Pieroe's Favorite Prescription for all such "female complaints," there is reason for "smiles." F.&w

An Engineer's Fast Run. An Engineer's Fast Run.
An engineer on one of the roads entering here in speaking last night of fast runs said:
"Although my machine is not slow, once let a cold get aix hours the start of me, and my machinery is no match for it. I have for years kept a bottle of Kemp's Balsam constantly in my cab, and when a Cough or Cold gets a start of this standard remedy it is indeed a cold day It is sold by all druggists.

(6)

Ir is dengerous to tamper with irritating "Quids and exciting snuffs. Use Ely's Cream Balm, which is safe and pleasant, and is easily applied. It cures the worst cases of caterrh, cold in the head and hay fever, giving relief from the first application. Price 50 cents.

SAD EYED WOMEN.

Wby So Many Ladies Are Miserable Clearly Explained Some Stirring Re-marks by One Who Knows. "I feel and every time I see a woman." The above remark was made to the writer by one of the oldest and most prominent physicians in

"Is it possible that you are a woman hater, doctor?"

Not at all, but I have seen so much suffering, so many women who are miscrable, that I cannot help feeling sorry for them all. How many sales do you know that are perfectly well and healthy? How many enjoy life as they should? Is this not enough to make one feel sorrowful?"

"There must be a cause for all this, doctor?"

"There is. Women are weak and their troubles largely arise from weaknesses. When a woman is weak she requires strength. Her body, her mind and all her functions must be put in a healthy condition, or she caunot secure strength. Nothing does this so easily and surely as pure spirits taken in moderation, either before meals or after meals. I know scores of indies that are kept in perfect health, strength and brilliancy, by the judicious use of Duffy's Pure Mait Whiskey. Many of these ladies are wives of ministers and professors, and most of them are temperance women. They realise that Duffy's Pure Mait Whiskey furnishes the best and only positive help, and they are intelligent enough to praft by such knowledge. I know whereof I speak and I speak as a temperance man. The best temperance people of to-day are the ones who use pure spirits in moderation and find that strength, vigor, color and brightness are the results, rather than weakness, salowness and a loss of interest in everything in life." I was much impressed with the remarks of the doctor and believing their importance, re-produce them here.

MCLANE'S LIVER PILLS.

THE GENUINE DR. C. McLANE'S

-CELEBRATED-

LIVER PILLS!

Intemperance a Disease

When the celebrated Dr. Rush declared that drunkenness was a disease, he enunciated a truth which the experience and observation of medical men is every day confirming. The many apparently insane excesses of those who indulge in the use of spirituous liquors may thus be accounted for. The true cause of conduct, which is taken for infatuation, is very trequently a diseased state of the Liver. No organ in the human system when deranged, produces a more frightful catalogue of diseases And If, instead of applying remedies to the manifestations of the disease, as is too often the case physicians would prescribe with a view to the original cause, fewer deaths would result from diseases induced by a deranged state of the Liver. Three-fourths of the diseases enumerated under the head of Consumption have their seat in a diseased Liver. The genuine Dr. C. McLane's Liver Pills, prepared by Fleming Bros., Pittsburg, Pa., are a sure cure.

Mr. Jonathan Houghman, of West Union, Park Co., Illinois, writes to the proprietors Fleming Brothers, of Pittsburg, Pa., that he had suffered from a severe and protracted attack of fever and ague, and was completely restored to healthiply the use of the genuine Dr. C. McLane's Liver Pills alone. These Pills unquertionably possess great properties, and can be taken with decidedadvantage for many diseaser requiring invigorating remedies, but the Liver Pills stand pre-eminent as the means of restoring a disorganized liver to healthy action; hence the great celebrity they have attained.

Insist on having the genuine Dr. C. McLane's Liver Pills, prepared by Fleming Bros., Pittaburg, Pa. All druggists keep them. Price Scents a box.

Litits, Lancaster county, Pa.

FOR THINGS NOVEL, ODD AND USEFUL,

PRILABELPHIA, Friday, March 7, 1880.

In Illustration. Yesterday we printed some remarks about the relations of trade laws to this business. The point was that our great popular business created the best facilities for a trade in exclusive high class novelties, especially in Dress Goods.

It is easy to prove this by a thousand illustrations. Take one or two at random in the fine Black stuffs. Black is just now a great factor in fashionable dress.

First - All - silk open-mesh Grenadine, with plain satin striped border, at \$3. It would be difficult to express more elegant simplicity in woven stuffs. There are only two looms in the land that can make them, and we control the whole product. Each can make about one dress pattern daily. What are these among so many? The distribution covers all the land.

Second - All - silk twisted Grenadine-still blacks-from Lyons, like an Organdie in silk, broad, solid, plain hemstitched borders, \$3; and the same effects in hemstitched stripes, \$3.50. We think you may not approach, much less match them, elsewhere.

All the foregoing are 44 inches, and only 7 to 8 yards are needed for a pattern. In types the story is prosaic-the goods are a mute but eloquent

appeal. The whirligig of ingenuity transforms Flannels. The mention no longer suggests an undershirt or a charity-box. Let your eye survey the muchness of the new Flannels, and your fancy roams over the Roman Campagna, the Vale of Cashmere, a tennis court alive with swell players. Try to describe them and you want the dictionary compounded with the rainbow. The thought is now of beautiful morning dress gracing the breakfast-table.

Woven wool never yields the clear, bright effect of printing. Take a look at the Bordered and Striped Flannels, just in, our own designs carried out by thé most distinguished French textile printers. Borders, 20 styles, 31 inches, 75 cents; stripes, scores of styles, same width, 65 cents. Palms and polka-dots, ombre and cluster stripes, plain stripes from 2 The softness of lamb's wool, delightful to the touch as to the
