BILL NYE IN KANSAS.

Mead killed 330 buffalo, and saved 300 pelts in addition to his own. He also saved 3,500 pounds of tallow, which served to ubricate his boots all that winter.

2 "Yilliam Mathewson, who is claimed, a the original Buffalo Bill of the frontier, then settled here. His wife was the first white woman to come to Wichita. The first official set of the county commissioners was to issue a license for a new salcon.

In 1870 D. S. Munger kept a hotel, was costmaster, carried the mail in his hat, and add time to do a general real estate business.

And yet on this very spot, only a few years ago, it seems, the rank buffalo nodded in the wind and the early pioneer mother was kept busy pulling the arrows out of

her loved ones.

Is it not remarkable? Here, where now wealth and refinement just fairly jostle each other on the streets, and cable cars run clear out into the large farms, and hired men dig potatoes beneath the glare of electric lights, only a short time ago the early buckwheater, with his life in one hand and his scalp in the other, fied before the irritable red man.

Like hart before the beagle. Like harr before the beagle

Later still, at each end of the principal streets, it became necessary to put the

The next day the sign had been punctuded by cowboys as follows:

Most all the windows of the town were also shot out as a mark of disrespect. Finally a cowboy was secured red handed, who had been in the proof-reading and punctuating business, and the people made a cold and disagreeable example of him.

Wichits is the largest city in Kansas, but does not care to have anything said about it. Electric street cars run clear away out to the slaughter house and on into the forest primeval, so that sportsmen frequently go by street car into the haunts of the pheasant and the bear. It is not uncommon to see an Eastern capitalist returning at night, after a good day's sport, with a dozen grouse and two good sized building lots.

Kansas is said to be the most remarkable grain growing state. Her soil is rich and black, her people full of hope and good victuals. Corn is low at the present time, but there is enough for food and fuel for the winter, the crop being unusually large. The man who said that by the light of his burning corn the Kansas farmer was enabled to read the mortgage on his farm was a pessimist with a tendency toward uncericide. Out of the labor and anguish of war, drouth and pestilence in Kansas was born a beautiful state, and within her borders dwell a proud, prosperous and prohibition people.

Corn grows to a great height, and so do the pleasing anecdotes regarding the productive soil of Kansas. I saw an ear of corn two feet long the other day, and stalks of corn twenty feet high. Also the unruffied remains of a grasshopper four feet long. I do not know how they were constructed, but they looked first rate.

Kansas is one of the most healthful states in the Union. People live so long here that they get tired of life. The death rate is only 8 to every 1,000 people, the mortality being almost as low as it is among French duelists.

At Lawrence I visited the university. ORIGINAL BUFFALO BILL'S HOUSE.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you Good Digestion and oust the demon Dyspepsia and install instead Eupepay. We recommend Electric Bitters for Dyspepsia, and all diseases of Liver Stomach and Kidneys. Sold at 50c and 51 per bottle by H. B. Cochran, druggist, 157 and 139 North Queen street, Lancaster, Pa. Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the tasts, and is the prescription of one of the oldest and best tomale physicians and nurses in the United States. Soid everywhere, Scents a bottle.

What Can't Be Cured Must Be En-This old adage does not signify that we must suffer the pangs of dyspepsia, when a medicine with the curalive properties of Burdock Blood Bitters is available. It is one of the most sub-stantial and reliable remedles sold to-day. For sale by W. T. Hoch, 197 and 139 North Queen street, Lancaster, Pa.
